The incontestability provisions set out in the provincial or territorial insurance legislation applicable to this policy apply.

### *Limit on contesting*

We cannot challenge the validity of the policy after it has been in effect continuously for two years from the later of the date it took effect and the date it was last reinstated. If the policy is amended to increase or change a benefit or improve a rating, we cannot challenge the validity of the amendment after it has been in effect continuously for two years from the later of the date the amendment took effect and the date the policy was last reinstated.

### *Exception to the limit on contesting*

We can challenge the validity of the policy or an amendment at any time in cases of fraud or cases involving a disability benefit.

## When a critical illness insurance benefit is payable

---

We pay a critical illness insurance benefit if this policy is in effect and all requirements for an illness eligible for full benefit payout (Group 1) or partial benefit payout (Group 2) as defined under the heading, *Covered critical illnesses*, are satisfied. If we make a payment, it's paid to the critical illness benefit payee named on your application, unless you make a change in writing.

Before we make a payment, we must verify the insured person's date of birth. If the date of birth on the application is incorrect, we'll adjust the amount we pay to the amount that would have been payable based on the premiums paid and the correct date of birth.

### **Critical illness payment for illnesses eligible for full benefit payout (Group 1)**

If the insured person qualifies for an illness eligible for full benefit payout (Group 1), we make a one-time payment and this policy ends. We determine the critical illness payment amount as of the date the benefit is payable. The amount we pay is:

- the critical illness insurance benefit amount in effect
- **plus** any balance in the withdrawable premium fund
- **minus** any unpaid premiums, including interest.

### **Critical illness payment for illnesses eligible for partial benefit payout (Group 2)**

If the insured person qualifies for an illness eligible for partial benefit payout (Group 2), we make a payment. For each claim, the amount we pay is the lesser of:

- 15% of the critical illness insurance benefit amount on the date the benefit is payable, or
- \$50,000.

A maximum of 4 partial benefit payments may be payable, provided each claim is for a different covered Group 2 illness.

The amount we pay is reduced by any unpaid premiums including interest on the date the benefit is payable.

If we make a payment for a partial payout (Group 2) illness, coverage will continue for all full payout (Group 1) illnesses. The critical illness insurance benefit amount is not reduced by the amount of the partial payout.

### **Exclusions (when a critical illness insurance benefit is not payable)**

In addition to the exclusions described under the heading, *Covered critical illnesses*, the following describes when we will not make a critical illness insurance benefit payment.

We will not make any payment if the covered critical illness is directly or indirectly caused by or associated with the insured person operating a vehicle while their blood alcohol level is more than 80 milligrams of alcohol per 100 milliliters of blood. A vehicle includes any form of ground, air or marine transportation that can be put into motion by any means, including muscular power. We do not take into account whether or not the vehicle is in motion.

We will not make any payment if the covered critical illness is directly or indirectly caused by or associated with the insured person:

- committing or attempting to commit a criminal offence

- taking or attempting to take their own life, regardless of whether the insured person has a mental illness or understands or intends the consequences of their action(s)

- taking any drug, unless the drug was taken as prescribed by a licensed medical practitioner

The diagnosis of stage 1A malignant melanoma must be made by a specialist and confirmed by pathological examination of the tissue. The insured person must survive for 30 days following the date of diagnosis.

#### **90 day exclusion period for cancer**

No benefit will be payable for cancer if, within the first 90 days following the later of:

- the date the application for this policy was signed
- the policy date, shown on the *Policy summary*, or
- the most recent date this policy was put back into effect (reinstatement)

the insured person has any of the following:

- signs, symptoms or investigations, that lead to a diagnosis of cancer (covered or excluded under the policy), regardless of when the diagnosis is made, or
- a diagnosis of cancer (covered or excluded under the policy).

#### **Your responsibility to notify us about cancer**

You have a responsibility to notify us about cancer, regardless of when a diagnosis is made:

- If we are notified within 6 months of the date of the diagnosis and the coverage for cancer is excluded based on the 90 day exclusion, coverage for all other covered critical illnesses will continue.
- If information is not provided within 6 months of the date of diagnosis, we have the right to deny a claim for cancer or any critical illness caused by any cancer or its treatment.

To notify us, contact us at the toll free phone number shown at the beginning of this policy. We will then send you the appropriate form to be completed.

Coronary angioplasty means the undergoing of an interventional procedure to unblock or widen a coronary artery that supplies blood to the heart to allow an uninterrupted flow of blood.

## **Making a claim for a critical illness insurance benefit**

---

You may submit a claim if the requirements described in this policy are satisfied. To make a claim, contact your advisor or call us at the toll free phone number shown at the beginning of this policy. We will send the appropriate form to be completed.

The person making a claim for a critical illness insurance benefit must complete the form and give us information we need to assess the claim, including:

- proof that they have the right to receive the benefit
- proof that the insured person had a covered critical illness while this policy was in effect
- a written diagnosis which describes the condition and the cause of the illness, and
- the insured person's complete medical records.

Physicians may charge a fee to complete certain forms. The person making the claim is responsible for any fee.

### **When to submit the claim**

This policy must be in effect on the date a claim is submitted. You must send us the claim within 1 year of the date the insured person has a covered critical illness.

### **Information must be provided by a specialist**

The diagnosis and treatment for any covered critical illness must be made by a specialist. The written diagnosis must:

- include appropriate information to assess the covered critical illness, and
- be prepared and signed by a specialist licensed and practicing in Canada or the United States or another physician acceptable to us.

A specialist is a licensed physician who has been trained in the specific area of medicine relevant to the covered critical illness for which a claim is being submitted and who has been certified by a specialty examining board. In the absence or unavailability of a specialist, a condition may be diagnosed by another qualified physician acceptable to us.

Any physician or specialist who makes the diagnosis or any physician, specialist, health care practitioner or medical professional who provides treatment, tests or examinations for a covered critical illness must not be:

- the owner
- the insured person
- anyone entitled to make a claim under this policy, or
- any relative or business associate of these people.

We may require the insured person to be examined by health care practitioners that we appoint. These may include licensed physicians, physiotherapists, occupational therapists, psychiatrists, psychologists, neurologists or others. We pay the cost of these examinations.

### **If an illness develops or is diagnosed while outside of Canada or the United States**

You may make a claim for a critical illness insurance benefit if a covered critical illness develops or is diagnosed while outside of Canada or the United States.

You will be required to provide us with all of the information we need to assess the claim. If the medical records of the insured person are not in French or English, you must provide the original records along with a translation of the records into either French or English. The translator must not be:

- the owner
- the insured person
- anyone entitled to make a claim under this policy, or
- any relative or business associate of these people.

The person making the claim is responsible for any cost associated with providing the translation.

Based on the medical records we receive, we must be satisfied that the same diagnosis or treatment would have been made if the illness developed or was diagnosed in Canada.

## **Paying for your policy**

---

### **Premiums for this policy**

We will provide you with the benefits described in this policy if you pay the required premium by the due date. Payments must be made to Sun Life Assurance Company of Canada. The *Schedule of guaranteed premium* describes your premium guarantees. We have the right to refuse cash payments.

If you do not pay a premium when it's due, we will deduct the amount due from your withdrawable premium fund if it has enough funds to pay the premium.

### **Withdrawable premium fund**

If you send us more than you owe to keep the policy in effect, we will hold the excess amount in the withdrawable premium fund. We may set a maximum amount that you can have in the fund. You may use this fund to pay premiums at any time.

The amount in your premium fund earns interest daily. The interest is compounded annually. We set the interest rate each day based on short-term interest rates. Interest earned on your premium fund is taxable.

You may withdraw money from your premium fund at any time, subject to our minimum withdrawal rules.

We may charge a fee for these withdrawals. We determine the amount of any fee we charge.

### **If premiums are not received**

If the amount you are required to pay is not paid, your policy ends 31 days after it's due. If your policy ends this way, it has lapsed.

### **Putting your policy back into effect**

We will not put this policy back into effect if you cancelled it. If your policy ended because it lapsed, you may apply to have it put back into effect if the insured person is alive and has not had a covered critical illness or any signs or symptoms of a covered critical illness. This process is called reinstatement.

If you want to put this policy back into effect, you must:

- apply within 2 years of the policy ending
- give us new evidence of insurability that we consider satisfactory, and
- make a payment equal to the reinstatement charge we set.

We will tell you when we approve your application to reinstate your policy. If we don't approve your application, we'll refund the amount you paid when you applied.

#### *Reinstating while disabled*

We will not put this policy back into effect if you cancelled it. If *Owner waiver disability* or *Total disability waiver* is included and your policy lapsed while you or the insured person is disabled, you may apply to put this policy back into effect, without giving us new evidence of insurability.

The conditions that must exist for us to consider your application are:

1. The policy must have ended by lapse before a claim was made for the disability benefit or after a claim was made but before we completed our claim assessment
2. You must apply within 1 year of the date the policy ended by lapse
3. The disabled person must have been disabled when the policy lapsed and their disability continued for at least 6 consecutive months
4. You must apply before the end date of the disability benefit on the insured person shown on the *Policy summary*
5. You must give us proof, that we consider satisfactory, of the disability and the length of time the insured person was disabled, and
6. The person insured under the critical illness insurance benefit must be alive when you apply and continue to be alive on the date we reinstate your policy.

### **Applying to decrease the critical illness insurance benefit amount**

---

You may apply to decrease the critical illness insurance benefit amount. To keep this policy in effect, any decrease is subject to the minimum limit we set for the critical illness insurance benefit.

A decrease to the critical illness insurance benefit amount will reduce the returnable premium amount payable for a return of premium benefit, as described later under any heading, *If the critical illness insurance benefit amount is decreased*.
