

## SunAdvantage™

### Participate in the 2011 Buffett National Wellness Survey

The Buffett National Wellness Survey is a valuable industry benchmark and resource for workplace wellness knowledge. Since its inception fifteen years ago, more than 2,000 organizations from across Canada have participated in the bi-annual survey. It has assisted many in their efforts to make the business case for wellness programs.

On April 13, Sun Life announced our intent to acquire Buffett & Company, and we are pleased to partner with them to bring you the opportunity to participate in this exciting survey.

#### How your organization can participate

The 2011 survey is on now, and a **human resource decision-maker** at your organization is invited to participate. Please note that we require a response from **only one participant** from each organization. Participation is voluntary, and we'd like to thank those who participate for their input! You'll find more details and a link to the survey [here](#). There are 17 questions, and the survey will take approximately 15 minutes to complete.

#### Participants receive complimentary survey report

Each participating organization will receive a **complimentary copy of the survey results** in the language of their choice (English or French). That's right – the regular \$250 charge will be waived for those who participate!

Sun Life and Buffett will hold survey release sessions across Canada this fall.

If you have any questions about the survey, please contact Sarah Cook, Buffett & Company at 905-666-1347 ext. 505, [scook@buffettandcompany.com](mailto:scook@buffettandcompany.com).
