Table A – DIS De-risking Table of Default Investment Strategy
列表 A - 預設投資策略降低風險列表
Annual de-risking 每年降低風險

Accrued benefits invested through the DIS will be invested in a way that adjusts risk depending on a member's age. The DIS will manage investment risk exposure by **automatically** reducing the exposure to higher risk assets and correspondingly increasing the exposure to lower risk assets as the member gets older.

Such de-risking is to be achieved by way of reducing the holding in the Sun Life MPF Basic Scheme Core Accumulation Portfolio and increasing the holding in the Sun Life MPF Basic Scheme Age 65 Plus Portfolio over time. The asset allocation stays the same up until 50 years of age, then reduces steadily until age 64, after which it stays steady again.

In summary, under the DIS:

- (1) When a member is below the age of 50, all accrued benefits, future contributions and transfer-in monies will be invested in the Sun Life MPF Basic Scheme Core Accumulation Portfolio.
- (2) When a member is between the ages of 50 and 64, all accrued benefits, future contributions and transfer-in monies will be invested according to the allocation percentages between the Sun Life MPF Basic Scheme Core Accumulation Portfolio and Sun Life MPF Basic Scheme Age 65 Plus Portfolio as shown in the table below. The de-risking of existing accrued benefits, future contributions and transfer-in monies will be automatically carried out as described above.
- (3) When a member reaches the age of 64, all accrued benefits, future contributions and transfer-in monies will be invested in the Sun Life MPF Basic Scheme Age 65 Plus Portfolio.

透過「預設投資策略」投資的累積權益將以因應成員年齡來調整風險的方式投資。「預設投資策略」將會隨著成員年齡增長而**自動**減少投資於較高風險資產，並相應增加投資於較低風險資產，藉此管理投資風險。策略乃透過隨著時間逐步減持永明強積金基本計劃核心累積投資組合及增持永明強積金基本計劃65歲後投資組合，以達致降低風險的目標。50歲前的資產配置會維持不變，之後逐步降低，直至64歲為止，之後便維持穩定。

總括而言，根據「預設投資策略」：

- (1) 當成員未滿50歲，所有累積權益、未來供款及轉入款項將會投資於永明強積金基本計劃核心累積投資組合。
- (2) 當成員年齡介乎50至64歲，所有累積權益、未來供款及轉入款項將會按照下圖的預設投資策略降低風險列表中永明強積金基本計劃核心累積投資組合與永明強積金基本計劃65歲後投資組合之間的配置百分比進行投資。現有累積權益、未來供款及轉入款項將會自動按上文所述執行降低風險安排。
- (3) 當成員年屆64歲，所有累積權益、未來供款及轉入款項將會投資於永明強積金基本計劃65歲後投資組合。

Note: The above allocation between the Sun Life MPF Basic Scheme Core Accumulation Portfolio and Sun Life MPF Basic Scheme Age 65 Plus Portfolio is made at the point of annual de-risking and the proportion of the Sun Life MPF Basic Scheme Core Accumulation Portfolio and Sun Life MPF Basic Scheme Age 65 Plus Portfolio in the DIS portfolio may vary during the year due to market fluctuations.

附註：上表列明在每年降低風險一刻時所採用於永明強積金基本計劃核心累積投資組合與永明強積金基本計劃 65 歲後投資組合之間的配置，一年當中預設投資策略組合內永明強積金基本計劃核心累積投資組合與永明強積金基本計劃 65 歲後投資組合的比例或會因為市場波動而有所不同。

Please read below Important Notes before you confirm your instruction:

1. You should consider your own risk tolerance level and financial circumstances before making any investment choices. When, in your selection of constituent funds, you are in doubt as to whether a certain constituent fund is suitable for you (including whether it is consistent with your investment objectives), you should seek financial and/or professional advice and choose the constituent fund(s) most suitable for you taking into account your circumstances.
2. For further details including the features of the Sun Life MPF Basic Scheme (the "Scheme") and each constituent fund, the investment objectives of each constituent fund and risks involved, please refer to the details in the Explanatory Memorandum of the Scheme (as amended from time to time). If you are in doubt about the meaning or effect of the contents of the Explanatory Memorandum or any addendum thereto, you should seek professional advice.
3. The Sun Life MPF Basic Scheme Capital Guaranteed Portfolio ("Capital Guaranteed Portfolio") under the above Scheme invests its assets solely in an Approved Pooled Investment Fund in the form of insurance policy provided by FWD Life Insurance Company (Bermuda) Limited ("FWD Life"). The guarantee is also given by FWD Life. Your investments in the Capital Guaranteed Portfolio, if any, are therefore subject to the credit risk of FWD Life. The guarantee is subject to qualifying conditions. Please refer to paragraphs 27 through 37 of Part II of the Explanatory Memorandum of the Schemes for details of the credit risk, guarantee features and guarantee conditions.
4. If you are currently investing in Capital Guaranteed Portfolio, a switching of the accrued benefits out of Capital Guaranteed Portfolio may result in some or all of the guarantee conditions not being satisfied; thus affecting your entitlement to the guarantee and you may lose your guarantee. Please refer to paragraphs 27 through 37 of Part II of the Explanatory Memorandum of the Scheme for details of the guarantee features and guarantee conditions.
5. For Capital Guaranteed Portfolio, switches may be made once in each calendar year, with no specific date or period of time being imposed. For all other constituent funds, there is currently no limit on the number of switches and change of investment choices which may be made in any calendar year.
6. Investment involves risk and the price of units may go down as well as up. Past performance is not indicative of future returns. Not all constituent funds available under the Schemes would be suitable for everyone. There is no assurance on investment returns and your investments/accrued benefits may suffer significant losses. You should read the Explanatory Memorandum of the Scheme for details.
7. Members should note that, although switches will be implemented as soon as reasonably practicable, the realisation of units of the constituent fund which a member wishes to switch out of and the purchase of units of the constituent fund which he wishes to switch in to, may not occur on the same dealing day.
8. Please note that if the processing of your switching instruction is scheduled on any day that (i) there is transfer of benefits under Employee Choice Arrangement ("ECA Transfer") being processed, or (ii) the refund of long service payment/severance payment ("Refund of LSP/SP") is being processed, or (iii) the claim of accrued benefits on the ground of attaining the retirement age of 65 in a lump sum or terminal illness or partial withdrawal of voluntary contributions ("Withdrawal of benefits") are being processed, or (iv) Annual de-risking of DIS or (v) on any of the consecutive days that ECA Transfer, Refund of LSP/SP, Withdrawal of benefits and/or Annual de-risking of DIS is/are to be processed, the processing of your switching instruction will be postponed to the next dealing day after the day(s) that such ECA Transfer, Refund of LSP/SP, Withdrawal of benefits and/or Annual de-risking of DIS is/are being completed. In any of the above circumstances, the processing of any further switching instruction made before the processing of any prior pending consecutive switching instruction, ECA Transfer, Refund of LSP/SP, Withdrawal of benefits and/or Annual de-risking of DIS will be postponed to the next dealing day after the day(s) that such pending consecutive switching instruction, ECA Transfer, Refund of LSP/SP, Withdrawal of benefits and/or Annual de-risking of DIS is/are being completed.
9. If, on the implementation of Default Investment Strategy on 1 April 2017, your account is identified as a pre-existing account with all accrued benefits being invested into the Previous Default Investment Arrangement, Sun Life MPF Basic Scheme Capital Guaranteed Portfolio, but generally without specific investment instruction in respect of the accrued benefits being given (known as "DIA account"), there are special rules and arrangements to be applied to determine whether accrued benefits in a DIA account will be transferred to the DIS. If your pre-existing account is considered as a DIA account, you will receive a notice called the DIS Re-investment Notice explaining the impacts on your pre-existing account and giving you an opportunity to give a specified investment instruction to the Trustee before the accrued benefits are invested into the DIS. If, before the completion of these arrangements, you submit a switching instruction to switch out part of your benefits in the DIA account to other constituents funds of your own choice, you are considered to have given an investment instruction for your whole DIA account with the remaining part of your benefits continue to invest in the Previous Default Investment Arrangement of the Scheme, Sun Life MPF Basic Scheme Capital Guaranteed Portfolio.
