Please read the following **important notes** before completing this Form.

Reminder Before Submitting a Claim

(A) Withdrawal of accrued benefits derived from voluntary contributions is subject to the governing rules of the registered scheme concerned. Please check the information from the offering document of the scheme concerned, which can be found on the website of the approved trustee of the scheme concerned. Please consult the relevant approved trustee for details.

Factors to Consider before Selecting Withdrawal Option

(B) Accrued benefits may be withdrawn on the ground of attaining the retirement age of 65 or early retirement either in a lump sum or by instalments. Before making any decision as regards the amount and timing of withdrawal of accrued benefits, please consider, among other things, your personal needs, risk tolerance level and financial circumstances carefully. The scheme member may be charged the necessary transaction costs for each withdrawal. Please consult the relevant approved trustee for details.

Reminder

- The price of fund units may change due to market fluctuations and may go down as well as up. The price of fund units on the date when you submit a claim form to the approved trustee may be different from that on the date when the fund units are redeemed.
- If your accrued benefits are currently invested according to the default investment strategy ("DIS") of the scheme, you should be aware that the de-risking mechanism of the DIS starts at the age of 50. If the annual de-risking of your investments in the DIS and your claim for payment of accrued benefits take place at around the same time, the approved trustee of the scheme shall sequence the de-risking and the claim in accordance with its procedures and in compliance with the Mandatory Provident Fund Schemes Ordinance. Please consult the approved trustee of the scheme if you wish to know the details of how it will handle these transactions.
- If accrued benefits are not withdrawn in full, the remaining accrued benefits will continue to be invested. Investment involves risk and the price of fund units may go down as well as up. Past performance does not indicate future performance. You should carefully consider factors such as your investment objectives, financial situation, risk tolerance level and key features (e.g. types and levels of risks, types and levels of fees and charges) of the registered scheme(s) and the constituent fund(s) concerned. Please refer to the Authority's publications available on the Authority's website (www.mpfa.org.hk).
- For withdrawal of accrued benefits by instalments, all the remaining units under the member account will be redeemed for the last payment and the actual amount paid out may be more or less than the withdrawal amount specified in the Form. You have agreed to this arrangement by submitting this Form to apply for payment of benefits by instalments. The account with no residual balance after completion of last withdrawal request shall be terminated in accordance with Section IV of this Form except any subsequent contributions or transfer-in benefits allocated to your account before the termination is completed.
- If there is a switching / redemption in progress, withdrawal request will be processed after the switching / redemption has been completed.
