### Key Product Risks:

- Premium of this basic plan is not expected to increase with age but may be reviewed and adjusted from time to time, in order to reflect the experience and change in future expectation. We reserve the right to adjust the premium for any group of insureds with similar risk profiles at every policy anniversary during the premium payment term. Factors include but not limited to the following would be considered and reflected during the review:
  - Claim costs incurred under this basic plan and the expected claim costs in the future
  - Expenses directly related to and indirect expenses allocated to the policy
- We will renew this basic plan automatically at each policy anniversary for another policy year provided that premiums are paid on the premium due date. If you do not pay a premium on or before the premium due date, a grace period of 31 days from its due date will be allowed for the payment, during which time this policy will continue in effect. If a premium has not been paid to us by the date on which the grace period expires, the policy will lapse automatically on the due date.
- This basic plan is not guaranteed renewable, and we may discontinue the policy on a 30-day written notice to you.
- We have the right to terminate the basic plan upon the earliest of the following:
  - premium is still unpaid and the grace period expires;
  - the insured passes away;
  - the insured attains age 75;
  - the date on which an aggregate amount equal to 100% of the Sum Assured for Accidental Death and Total Disability and Dismemberment Benefit is payable by us as 1 or more claims under the Accidental Death and Total Disability and Dismemberment Benefit.
- Any transaction involving conversion between policy currency and other currencies would be exposed to foreign exchange risks such as the fluctuation in exchange rate against policy currency.
- The cost of living in the future is likely to be higher than it is today due to inflation, so the benefit may be insufficient to meet your needs even if we meet our contractual obligation. You should hence consider the impact of inflation when you plan the benefit.
- This basic plan is an insurance policy issued by Sun Life Hong Kong Limited and your benefits are subject to the paying ability of Sun Life Hong Kong Limited. In the event that we become insolvent and unable to meet the contractual obligation under the policy, you may lose all or part of your premiums paid and benefits.

**Key Exclusions:**
