

OMNIBUS PROSPECTUS

March 2017

RISK DISCLOSURE STATEMENT

GENERAL WARNING

The price of securities can and does fluctuate, and any individual security may experience upward or downward movements, and may even become valueless. There is an inherent risk that losses may be incurred rather than profit made as a result of buying and selling securities.

Past performance is not a guide to future performance.

There is an extra risk of losing money when securities are bought from smaller companies. There may be a big difference between the buying price and the selling price for these securities.

An investor deals in a range of investments each of which may carry a different level of risk.

PRUDENCE REQUIRED

The risk disclosure does not purport to disclose all the risk and other significant aspects of investing in these securities. An investor should undertake his own research and study on the trading of securities before commencing any trading activity. He may request information on the securities and issuer thereof from the Commission which are available to the public.

PROFESSIONAL ADVICE

The investor should seek professional advice if he is uncertain of or has not understood any aspect of the securities or the nature of risks involved in trading of securities especially high risk securities.

EXECUTIVE SUMMARY

This Prospectus relates to the offer for subscription of the Sun Life Prosperity Funds of the following shares at an offer price of the current Net Asset Value per Share (NAVPS):

PHILIPPINE PESO FUNDS	Bond Fund	Balanced Fund	Dynamic Fund	GS Fund	Money Market Fund	Phil Equity Fund	Phil. Stock Index Fund
SHARES	3.8 Billion	5 Billion	5.2 Billion	1 Billion	400 Million	4.5 Billion	1.9 Billion
PAR VALUE	PHP 0.01	PHP 0.01	PHP 0.01	PHP 0.01	PHP 0.01	PHP 0.01	PHP 0.01

U.S. DOLLAR FUNDS	Dollar Advantage Fund	Dollar Abundance Fund	Dollar Wellspring Fund	World Voyager Fund
SHARES	33.2 Million	10 Million	6 Million	6 Million
PAR VALUE	PHP 1.00	PHP 1.00	PHP 1.00	PHP 1.00

The shares are being offered in the Philippines through Sun Life Asset Management Company, Inc. For a more detailed discussion on the Fund Manager, please refer to the section [Organization and Management of the Funds](#).

The net proceeds from the sale of securities will be used to finance the following investments:

Bond Fund	High-quality debt instruments issued by the Republic of the Philippines and prime Philippine companies.
Balanced Fund	Mix of high-quality debt (bonds) and equity (stocks) securities from both domestic and foreign issuers.
Dynamic Fund	Investment in equity securities and/or in government and corporate debt securities denominated in Philippine Pesos.
GS Fund	Peso-denominated fixed income instruments issued by the Philippine government.
Money Market Fund	Fixed income and other related securities of the Philippine Government, and commercial papers issued by corporations within the Philippines, certificates of deposits, and other short-term instruments.
Philippine Equity Fund	Diversified portfolio comprising mostly of Philippine equities, including common stock, preferred stock, and securities convertible into such equity securities.
Philippine Stock Index Fund	Common stocks that comprise the market benchmark, the Philippine Stock Exchange Index (PSEI), as well as other cash and/or money market instruments.
Dollar Advantage Fund	US Dollar-denominated fixed income securities issued by the Philippine government, other major economies, or corporations operating therein, and in high quality common stocks and related securities issued by Philippine and foreign corporations, or through diversified investment companies invested in such securities.
Dollar Abundance Fund	Fixed income instruments denominated in US Dollars issued by the Philippine government, other major economies, or corporations operating therein. The Company's foreign investments may either be purchased directly or through one or more securities issued by diversified investment companies invested in such securities.
Dollar Wellspring Fund	Fixed income securities such as sovereign debt, corporate debt and other non-traditional investments and in equity or equity-linked securities issued by corporations globally, or through diversified investment companies invested in such securities.
World Voyager Fund	Equity and equity-linked securities issued by corporations domiciled in developed and emerging markets, or through diversified investment companies invested in such securities.

All proceeds, including the original subscription payments at the time of incorporation constituting the paid in capital of the investment companies, shall be held by their designated custodian banks. For a more detailed discussion, please refer to the section [How do we use the money from investors?](#)

All of the offered shares are common shares, voting with identical rights and privileges, and may be owned by any person or entity, regardless of nationality. The shares are eligible for payment of dividends, which depends, among other factors, upon the Funds' unrestricted retained earnings, cash flow and financial condition. Cash dividends and property dividends may be declared by the Board of Directors and no stockholders approval is required. Dividends paid in the form of additional shares are subject to approval by both the Board of Directors and stockholders representing at least 2/3 of the outstanding capital stock of the Funds at a stockholders' meeting called for such purpose. Please refer to the section [Dividends](#).

The Funds shall not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own capital stock.

Unless otherwise stated, the information contained in this Prospectus has been supplied by the Funds, which accept full responsibility for the accuracy of the information and confirm, having made all reasonable inquiries, that to the best of their knowledge and belief, there are no material facts the omission of which would make any statement in this Prospectus misleading in any material respect. Neither the delivery of this Prospectus nor any sale made hereunder shall, under any circumstances, create any implication that the information contained herein is correct as of any time subsequent to the date hereof.

The Funds are organized under the laws of the Philippines. Their principal office is located at the 8/F Sun Life Center 5th Avenue corner Rizal Drive, Bonifacio Global City, Taguig City 1634 and their telephone number at this location is (632) 555-8888.

NO DEALER, SALESPERSON, OR OTHER INDIVIDUAL HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR MAKE ANY REPRESENTATION OTHER THAN THOSE CONTAINED IN THIS PROSPECTUS AND, IF GIVEN OR MADE, SUCH OTHER INFORMATION OR REPRESENTATION MUST NOT BE RELIED UPON AS HAVING BEEN AUTHORIZED BY THE FUND OR BY THE DISTRIBUTOR.

ALL REGISTRATION REQUIREMENTS HAVE BEEN MET AND ALL INFORMATION CONTAINED HEREIN IS TRUE AND CURRENT.

What is a Mutual Fund and what are the risks of investing in a Mutual Fund?

What is a mutual fund?

The Funds are mutual funds. When you invest in a mutual fund, you contribute your cash to a pool of investments along with many other people. Professional money managers use the cash to buy securities on behalf of all the contributors. A mutual fund invests in different kinds of securities based on its investment objectives. For example, a Philippine equity fund buys mainly shares of companies incorporated in the Philippines, while a balanced fund buys a mix of equities and bonds. These securities form the mutual fund's investment portfolio. The value of these securities changes from day to day, reflecting changes in economic and market conditions, interest rates and company news.

What do you own?

You receive shares in a mutual fund in exchange for the cash you contribute, and you become a shareholder of the mutual fund. You participate in the fund's income, expenses and capital gains or losses with reference to the number of shares that you own.

What is the structure of mutual funds?

Each Fund is an open-end mutual fund company in the Philippines that is organized as a stock corporation. At any time, the shares of a fund may become fully subscribed. In the event that this happens, the fund would continue to accept deposits from investors for future subscription ("DFFS") in anticipation of an increase in capital, subject to the requirements of the law and regulations on the same. The DFFS accepted would be earmarked for the issuance of the appropriate number of shares that the DFFS would have purchased at the time the DFFS was accepted. When the SEC approves an increase in authorized capital stock and upon registration of the new shares, the Fund would release the shares the DFFS had purchased, by order of who invested first.

How do we use the money from investors?

The projected net offer proceeds of each Fund will be used to finance investments in accordance to their respective investment objectives. Custodian banks shall hold the proceeds from the sale of shares, including the original subscription payments at the time of incorporation, which make up the original paid-in-capital of the Funds. Other expenses charged to the Funds are covered by net offer proceeds. These include, but are not limited to, incorporation filing fees, documentary stamp taxes, registration statement fees and management fees.

The Fund Manager shall be guided by the Funds' Investment Policies and Legal Limitations. The Funds shall not make loans to other interested persons such as the members of the Board of Directors, Officers of the Companies or any affiliates or affiliated corporations of the Companies.

Details on how each Fund uses money from its investors can be found in the section [*Specific information about each Sun Life Prosperity Fund.*](#)

What are the general risks of investing in a mutual fund?

There are many potential advantages to investing in mutual funds. However, investors also need to be aware of the risks in order to make informed investment decisions. Aside from the risks listed below, the returns of the Funds are not guaranteed, and there is a risk that a Fund might not achieve its investment objectives.

Credit Risk: Investments in bonds carry the risk that the issuer of the bonds might not be able to meet its interest and principal payments. In which case, the value of the bonds will be adversely affected and may result in a write-off of the concerned asset held by the Fund, resulting to a significant decrease in its NAVPS. To mitigate this risk, each Issuer/Borrower/Counterparty passes through a stringent credit process to determine whether its credit quality complies with the prescribed standards of the Fund. The credit quality of the Issuer/Borrower/Counterparty is reviewed periodically to ensure that excellent credit standing is maintained. Moreover, a 15% exposure limit to a single entity is likewise observed.

Dilution Risk: Being an open-end mutual fund, various investors may effectively subscribe to any amount of shares of the Fund. You then face the risk of your investments being diluted by the shares of the other investors of the Fund. The influence that the investors can exert over the control and management of the Fund decreases proportionately.

Equity Risk: Companies issue equities, or stocks, to help finance their operations and future growth. A company's performance outlook, market activity and the larger economic picture influence its stock price. When the economy is expanding, the outlook for many companies will be positive and the value of their stocks should rise. The opposite is also true. The value of a Fund is affected by changes in the prices of the stocks it holds. The risks and potential rewards are usually greater for small companies, start-ups, resource companies and companies in emerging markets. Investments that are convertible into equity may also be subject to interest rate risk.

Foreign Investment Risk: Some of the Funds invest in securities issued by corporations in, or governments of, countries other than the Philippines. Investing in foreign securities can be beneficial in expanding your investment opportunities and portfolio diversification, but there are risks associated with foreign investments, including:

- companies outside of the Philippines may be subject to different regulations, standards, reporting practices and disclosure requirements than those that apply in the Philippines;
- the legal systems of some foreign countries may not adequately protect investor rights;
- political, social or economic instability may affect the value of foreign securities;
- foreign governments may make significant changes to tax policies, which could affect the value of foreign securities; and
- foreign governments may impose currency exchange controls that prevent a Fund from taking money out of the country.

Fund Manager Risk: The performance of the Funds is also dependent on the Fund Manager's skills. Hence, the Fund may underperform in the market and/or in comparison with similar funds due to investment decisions made by the Fund Manager, and may also fail to meet the Fund's investment objectives. The Board of Directors of the Funds, however, shall ensure that all investment policies and restrictions enumerated in this Prospectus are strictly followed.

Geographic Concentration Risk: Some Funds may invest a relatively large portion of their assets in issuers located in a single country, a small number of countries, or a particular geographic region. As a result, the performance of these Funds could be closely tied to the market, currency, economic, political, regulatory, geopolitical or other conditions in such countries or region, and could be more volatile than the performance of funds with more geographically-diversified holdings.

Index Risk: The performance of the Fund may not precisely duplicate the performance of the benchmark index being used. The Fund may rebalance the portfolio to account for changes in the composition or valuation of the stocks within the index. This creates the possibility of a marked difference between the Fund's performance and that of the index.

Interest Rate Risk: Bonds are bought and sold continuously at various interest rates. Market conditions and prevailing interest rates may cause the prices at which the Funds can sell their assets to go down, selling their assets for a price lower than for what they purchased it and incurring losses in the process. These would be reflected as a lower NAVPS, possibly resulting in a decrease in the value of an investment. It is possible that the Funds may sell their assets at a price lower than acquisition cost because the Fund Manager needs cash to pay redemptions or would like to use the money to take advantage of better investment opportunities.

The Funds will manage interest rate risk by actively monitoring the prevailing interest rate environment. During periods of rising rates, falling prices, and widening of credit spreads, the Fund Manager will reduce the duration of the portfolio. During periods of falling rates, rising prices, and narrowing credit spreads, the Fund Manager will increase the duration of the portfolios.

Large Transaction Risk: If an investor in a Fund makes a large transaction, the Fund's cash flow may be affected. For example, if an investor redeems a large number of shares of a Fund, that Fund may be forced to sell securities at unfavorable prices to pay for the proceeds of redemption. This unexpected sale may have a negative impact on the net asset value of the Fund.

Liquidity Risk: The Funds are usually able to service redemptions of investors within 7 business days after receiving the notice of redemption by paying out redemptions from available cash or cash equivalents. When redemptions exceed these liquid holdings, the Funds will have to sell less-liquid assets, and during periods of extreme market volatility, the Funds may not be able to find a buyer for such assets. As such, the Funds may not be able to generate enough cash to pay for the redemptions within the normal 7-day period.

The Funds manage liquidity risk in a variety of ways. First, at least 5% of total assets are in the form of Cash or Cash Equivalents. Second, most of the Funds invest a majority of their money in securities and issues with sufficient liquidity to ascertain that the Funds will be able to meet their financial obligations in a timely manner.

Market Risk: Stock prices rise and fall. The carrying value of the Funds' investments in other corporate stocks depends on the value at which the stocks have been traded at the stock market as at the end of a particular day.

Non-Guarantee: Unlike deposits made with banks, an investment in the Fund is neither insured nor guaranteed by the PDIC. You carry the risk of losing the value of your investment, without any guarantee in the form of insurance. Moreover, as with any investment, it is important to note that past performance of the Fund does not guarantee its future success.

The Funds may use various techniques to hedge investment risks, such as generally accepted investment instruments to regulate if not mitigate adverse changes brought about by changes in interest rates and credit spreads.

The Fund Manager exerts best efforts to anticipate events that would negatively affect the value of the Funds' assets and take appropriate actions. However, there is no guarantee that the strategies will work as intended. As a result, an investment may, at any time, be worth less than its value when you purchased it.

Not Insured: You should be aware that your investment in the Funds is not insured with the Philippine Deposit Insurance Corporation ("PDIC"). The Fund Manager is prevented by law to guarantee any return.

Passive Management Risk: Some Funds may invest in other mutual funds that are not actively managed, such as index funds. Passively managed funds would not sell a security if the security's issuer was in financial trouble, unless the security is removed from the applicable index being replicated. The passively managed fund must continue to invest in the securities of the index, even if the index is performing poorly. That means the passively managed fund won't be able to reduce risk by diversifying its investments into securities listed on other indices. As a result, the performance of a passively managed fund may differ significantly from the performance of an actively managed fund. This may in turn affect the performance of a Fund that invests in such passively managed fund.

Regulatory Risk: The Funds' operations are subject to various regulations, such as those affecting accounting of assets and taxation. These regulations do change, and as a result, investors may experience lower investment returns or even losses depending on what such a regulatory change entails. For example, higher taxes would lower returns, and a mandated precautionary loan loss provisions could result in the Fund experiencing a loss in the value of assets.

Small Company Risk: A Fund may make investments in companies with smaller market capitalization. These investments are generally riskier than investments in larger companies for several reasons. Smaller companies are often relatively new and/or may not have an extensive track record. This may make it difficult for the market to place a proper value on these companies. Some of these companies may not have extensive financial resources and, as a result, may be unable to react to events in an optimal manner. In addition, stocks of smaller companies are sometimes less liquid, meaning that there is less demand for such stocks in the marketplace at a price that is deemed fair by sellers.

Underlying Fund Risk: Some Funds may pursue its investment objectives indirectly by investing in shares of other mutual funds, including exchange-traded funds, in order to gain access to the strategies pursued by those underlying funds. There can be no assurance that any use of such multi-layered fund of fund structures will result in any gains for a Fund. If an underlying fund that is not traded on an exchange suspends redemptions, a Fund will be unable to value part of its portfolio and may be unable to redeem shares. Underlying funds that are traded on an exchange are subject to the following risks that do not apply to conventional mutual funds: (i) an exchange-traded fund's units often trade on the exchange at a premium or discount to the net asset value of such units; (ii) an active trading market for an exchange-traded fund's units may not develop or be maintained, and (iii) there is no assurance that the exchange-traded fund will continue to meet the listing requirements of the exchange.

Purchases and Redemptions

How to buy shares of the Funds

You can buy shares of the Funds through our registered representatives who are legally qualified to sell shares of the Funds or dealers we have entered in a distribution agreement with. Among our registered representatives are:

- Sun Life Mutual Fund Advisors
- Bank Distributors
- Accredited Brokers

Both Philippine nationals and non-Philippine nationals are permitted to purchase shares of the Funds.

Minimum Investment

The table below shows the minimum investment required per type of Fund:

	Phil. Peso Funds (except Dynamic Fund and Index Fund)	US Dollar Funds	Dynamic Fund	Index Fund	Dollar Wellspring Fund
Minimum Initial Subscription	PHP 5,000	USD 1,000	PHP 50,000	PHP 5,000	USD 1,000
Minimum Subsequent Subscription	PHP 1,000	USD 200	PHP 10,000	PHP 1,000	USD 200
Minimum Maintaining Balance	PHP 5,000	USD 500	PHP 10,000	PHP 5,000	USD 500
Minimum Redemption	PHP 1,000	USD 200	PHP 10,000	PHP 1,000	USD 200
Minimum Interfund Transfer*	PHP 1,000	USD 200	*Not Applicable	*Not Applicable	*Not Applicable

Determination of Offering Price

When you buy shares of a Fund, the Offering Price will be the Fund's Net Asset Value Per Share ("NAVPS") as at the end of the day plus applicable sales charges, if any.

Completed subscriptions received by Sun Life Asset Management or its authorized distributors by 12 noon will be processed at the NAVPS determined at the close of business that day. If we receive a subscription after 12 noon, we will process it at the NAVPS calculated for the next business day.

Acceptable Modes of Payment

We must receive your payment in full in the form of cash, cheque or electronic transfer. Subscriptions will not be processed until these payments have become available to the relevant Fund for investment deployment. You should inquire with your bank the clearing time required for each form of payment and when these will be available to the Fund. Applicable bank charges will be deducted from the investible amount.

We have the option to process local cheques denominated in Philippine Pesos as cleared funds provided that:

- The Investor accomplishes a Waived Clearing Form upon payment.
- The cheque will be deposited into a bank accredited by Sun Life Asset Management for such purpose.

To reduce the adverse effect to existing investors of large redemptions in a Fund, a subscription may be amended or rejected if it makes the investor a holder of 10% or more of the Fund's net assets on subscription date.

Computation of Net Asset Value per Share

We calculate NAVPS by dividing the value of the Fund's net assets (total assets less total liabilities) by the total number of outstanding of shares issued plus the total number of units outstanding due to DFFS and for conversion to shares, if any, as of the end of the reporting day.

- The assets of a Fund include (i) all cash on hand, on deposit, or on call, (ii) all bills and notes and accounts receivables, (iii) all interest accrued on any interest-bearing securities owned by the Fund, (iv) all real properties or interest therein, (v) all other property of every kind and nature including prepaid expenses.
- A Fund whose objective includes investments in equities could also have (i) shares of stock and subscription rights and other securities owned or contracted for the Fund, other than its own capital stock, and (ii) stock and cash dividends and cash distributions to be received by the Fund and not yet received by it but declared to stockholders of record on a date on or before the date as of which the net asset is being determined.
- The liabilities of a Fund shall be deemed to include (i) all bills and notes and accounts payable, (ii) all administrative expenses payable and/or accrued (including management fee), (iii) all contractual obligations for the payment of money or property, including the amount of any unpaid dividend declared upon the Fund's stock and payable to shareholders of record on or before the day on which the value of the Fund's share is being determined, (iv) all reserves authorized or approved by the Board of Directors for taxes or contingencies, and (v) all other liabilities of the Fund of whatsoever kind and nature except liabilities represented by outstanding capital stock and surplus of the Fund.

We will compute the NAVPS on a daily basis and will publish them in at least two (2) newspapers of general circulation in the Philippines.

Sales Load

Upon subscribing to a Peso-based or Dollar-based fund, you may be subjected to sales loads depending on your subscription option. There are two types of subscription options – Option A and Option B.

See [Fees and Expenses Directly Payable by You](#) for a more detailed discussion of sales loads.

How to redeem your shares

You can redeem your shares any time at their respective NAVPS by contacting a registered representative or dealer, who will ask you to accomplish an order ticket or any document that we prescribe and recognize for redemption. The order ticket for redemption must be accompanied by the appropriate certificate(s), if applicable, representing the shares to be redeemed. When making a request for redemption, a minimum of PHP 1,000 for Peso funds or US\$ 200 for US Dollar funds must be requested.

When we receive your request on or before 12 noon, the redemption price is the NAVPS at the close of business day. After 12 noon, the order ticket is deemed to have been received the following business day and the NAVPS determined at the close of business on the next business day will be the price for redemption.

We will make the payments for shares redeemed, less any redemption charges and taxes applicable, within seven (7) business days from receipt of your request for redemption. Should your payment be made through bank remittance, it may be subjected to applicable bank charges, subject to your arrangement with the remitting and receiving bank. Sun Life Asset Management reserves the right to deduct any applicable bank charges from the redemption value. For payments made through cheque issuance, you will receive the payment within seven (7) banking days from date of redemption for the amount redeemed.

We are granted by the SEC the power to suspend redemptions or postpone the date of payment for redemption:

- When the Philippine banking system is closed;
- For any period when normal trading is restricted or suspended in the markets where the Funds may be investing;
- For any period during which an emergency exists, as a result of which:
 - Disposal by the company of securities owned by it is not reasonably practicable, or
 - It is not reasonably practicable for such company fairly to determine the value of its net assets;
- When any breakdown occurs in the means of communication normally employed in determining the value of any of the investments of the Funds or when for any other reason the value of any of the investments or other assets of the Funds cannot reasonably or fairly be ascertained;
- When the shareholder fails to surrender to Sun Life Asset Management the original share certificate on the redeemed or transferred shares, or
- With the consent of the SEC.

The SEC may, whenever necessary or appropriate in the public interest or for your protection and the protection of other investors, suspend the redemption of securities of open-end companies such as the Sun Life Prosperity Funds.

Redemption Fees

When you redeem your shares in a Fund, you may be subjected to a redemption fee. The fee is deducted from your redemption proceeds similar to a deferred sales charge (DSC). However, it is not considered to be a sales load.

See *Fees and Expenses Directly Payable by You* for a more detailed discussion of redemption fees.

Sun Link Online

Subsequent purchases, redemptions and transfers can also be made through Sun Link Online at www.sunlife.com.ph.

Optional Services

What are your privileges?

If you qualify and apply for certain privileges granting reduced sales charge and waivers, we may grant these to you for your convenience.

To do so, you must notify us at the time of transaction about your qualification and intention to avail and apply for specific privileges. In line with this, if you fail to notify us ahead of time about your eligibility and intention to avail these privileges, we will process your transaction subject to normal sales load charges.

We reserve the right to approve or deny a shareholder's application for certain privileges according to the criteria set by Sun Life Asset Management. We may revise or discontinue these privileges at any time.

1. Waiver of Front End Sales Load (Option A) for Qualified Investors

If you have participated in a benefit or retirement plan and wish to convert your mutual fund retirement benefit and contribution into an individual, joint, or ITF account with us, you are eligible for a Front-End Zero Load. The same benefit may also be granted to participants of a qualified retirement plan with at least 100 members and PHP 5 Million or its US Dollar equivalent in total asset value or any other requirements or qualifications that we have established.

2. Free 10% Back-End Redemption

You may be entitled to redeem up to 10% of your total shares under Back-End Load without the application of a deferred sales charge (DSC), subject to certain conditions established by us. An investor's free redemption entitlement shall be based on the total number of shares owned via the Back-End Load as of December 31 of the prior calendar year. This privilege may be extended only to partial redemptions and is not applicable on full redemptions of Back-End investments. If you redeem more than 10% of your total shares, any amount in excess of 10% will be subject to regular Back-End fees.

This one-time privilege per year is not automatic. Free redemption entitlement is not cumulative and unexercised entitlement cannot be carried forward to future redemptions within the same year or succeeding calendar years.

3. Reduced Sales Charge Plan

3.1 Privilege of Accumulation (POA)

You may qualify for a reduced sales load by combining subscriptions to one or more of the Sun Life Prosperity Funds, under the following conditions:

1. Your total assets under management is at least PHP 100,000.00 or its US Dollar-equivalent, and this can be obtained by adding:
 - The current subscription you make and those of the member/s of your Immediate Family, as defined below; and
 - The aggregate net asset value of all the outstanding subscriptions (at the close of the business day preceding the date of the current subscription) you make and member/s of the Immediate Family, as defined below.
2. Your total subscription is at least PHP 100,000.00 or its US Dollar-equivalent, and this can be obtained by adding:
 - The current subscription you make and those of the member/s of your Immediate Family, as defined below; and
 - The original value of all previous subscriptions, net of redemptions, you make and those of the member/s of your Immediate Family, as defined below.

3. "Member of the Immediate Family" is defined as:

- Spouse
- Child
- Grandchild
- Parent
- Sibling
- Grandparents

The following accounts do not count for purposes of determining whether an investor qualifies for the Combination Privilege:

- Shares or investments held by an investor through a Retirement Plan / Defined Benefit Plan or other employer-employee sponsored benefit plan
- Shares held through a Trust Account under Institutional Dealers (accounts held in the name of the Financial Intermediary on the investor's behalf)
- Shares held by Corporations or business establishments of the investors.
- Shares held under the zero-load option

This privilege is not automatic and should be exercised. Upon exercise of this privilege, you should provide all necessary information AT THE TIME OF PURCHASE regarding accounts eligible to be combined under this plan. Otherwise, we will not retroact the privilege given under this Plan.

3.2 Letter of Intent

A reduced sales load privilege may be granted if you have not yet accumulated PHP 5M worth of investment under your personal or qualified related accounts. You may enjoy the lowest Option A sales load to all your investments within 12 calendar months, provided you submit a Letter of Intent (LOI).

However, upon failure to comply with the LOI at the end of the 12-month period, we will redeem enough shares equivalent to the additional sales charge to reflect the recalculated amount reflecting the actual purchase level.

Should you exercise this privilege, we will notify you at least 1 month prior to the expiration of the LOI.

4. Transferring between Funds

You may request to redeem your shares through a registered representative or dealer and reinvest its proceeds into another Fund managed by Sun Life Asset Management, without incurring new sales load charges. The purchase of shares in the new Fund will be based on NAVPS at the time of transfer.

A minimum of PHP 1,000 worth of shares can be transferred or PHP 5,000, if this will be the initial investment into the receiving Fund. In case of Option B, the new shares will have the same purchase date as the original shares. A maximum of four (4) transfers per calendar year, per client number, will be allowed, free of applicable charges and taxes. After the fourth transfer, the client will be subjected to Documentary Stamp Tax (DST) equivalent to PHP 0.75 for every PHP 200 of the par value of the shares being transferred.

Note that transfers are not allowed in the Dynamic Fund and Dollar Wellspring (both in and out of the Funds). Purchased shares of the aforementioned Funds may be redeemed and the proceeds reinvested in shares of one (1) or more eligible Funds managed by Sun Life Asset Management, subject to the applicable fees.

Statements of Account

The Statement of Account (SOA) reflects all activities that have taken place into your account within a period of 3 months. This is sent out to you on a quarterly basis.

SOA is sent through a special courier service for clients residing within Metro Manila. This may be received within 10 to 15 working days; while for clients with provincial or international addresses, documents are mailed through regular postal mail and may be received between 2-4 weeks period.

You may opt not to receive a printed copy of the SOA by enrolling the accounts to [Sun Link Online](#) for viewing and online printing.

Stock Certificates

You will be given official receipts and confirmation slips once you purchase shares of the Funds. Shares are recorded on a stock register by Sun Life Asset Management.

Certificates of shares may be issued upon your written request. If you do not elect to receive certificates, you will still have the same rights as if certificates are issued to you.

Should you need your certificates to be replaced, there is a fee of PHP 1,000 per certificate, unless the replacement is due to the partial redemption of shares. In which case, we will replace your certificate free of charge.

Should you lose your stock certificates, we would be requiring an Affidavit of Loss and evidence that a Notice of Loss has been published every week for three (3) consecutive weeks, in addition to the fee for issuing a new certificate. The relevant shares will also be subject to a contestability period of one (1) year wherein redemptions of these shares will not be permitted.

Fees and Expenses Payable Directly By You

Certain fees such as front-end fees or back-end fees apply upon your subscription to a Fund. You are charged depending on the purchase option (sales load) you have chosen. These fees are mutually exclusive; you may choose to pay upon subscription into a Fund or upon redemption of your shares in a Fund. You might also be charged redemption fees, should the Fund you are invested in have a minimum holding period.

Sales Load

There are two types of sales loads for the Funds.

1. Option A – This is considered as the front-end load wherein a sales load fee will be paid to the investor's mutual fund dealer not exceeding 2% of the total purchase cost plus VAT when shares of the Fund are bought. Under this purchase option, the investor may redeem his shares free of charge at any time, unless the Fund has an imposed holding period. In this case, an early redemption fee of up to 2% plus VAT may be charged.

The latest table of fees for Option A can be found in the Funds' individual brochures available at our office, through our authorized distributors, or at www.sunlifefunds.com.

2. Option B – This is considered as the back-end load that allows all of an investor's money to be invested, with no initial sales load fee deducted. However, the investor agrees to pay SLAMCI a deferred sales charge ("DSC") plus VAT, should the investor redeem the investment, or a portion thereof, within a prescribed investment period. The DSC rate declines the longer you hold the investment. After five years, your investment will no longer be subject to DSC. In order to reduce the DSC payable, your oldest shares in the Fund will be redeemed first, unless you choose otherwise.

Redemption on	Deferred Sales Charge (% of Redemption Proceeds)
1st year	5.0%
2nd year	4.0%
3rd year	3.0%
4th year	2.0%
5th year	1.0%
Beyond 5 years	None

No deferred sales charge is imposed on redemptions of Option B in the case of death of an investor. In order to qualify for this waiver, redemption must be made within 1 year of an investor's death. We must be notified in writing of such death at the time of the redemption request either by the legal heir or administrator of the estate to be appointed by the court. We must be provided with satisfactory evidence of such cases.

Redemption Fees

If you chose Option A and the Fund you are invested in has a minimum holding period, you might be subjected to an early redemption fee should you decide to exit from the Fund. Information on the minimum holding period and redemption fee, if any, can be found in the section [*Specific information about each Sun Life Prosperity Fund.*](#)

Should you have several investments under both Option A and Option B, unless otherwise specified in the Redemption Form, redemption of investments shall be processed on a first-in-first-out basis.

Regulatory Considerations

Securities and Exchange Commission - Philippines

As shareholder of the Funds, you have rights and responsibilities under the Corporation Code and the Securities Regulations Code of the Philippines. You are advised to consult your own professional advisers as to the implications of subscribing for, purchasing, holding, and redeeming shares of the Funds.

Taxation - Philippines

You are advised to consult your own professional advisers as to the tax implications of subscribing for, purchasing, holding, and redeeming shares of the Funds.

Section 32 (B)(7)(H) of the Philippine Tax Code excludes from gross income the gains realized from the redemption of shares in mutual funds, making such gains exempt from income tax.

Mutual funds are eligible investment products under RA 9505 or the "Personal Equity and Retirement Account (PERA) Act of 2008 and qualified mutual fund investments under said law would entitle the investor to certain tax benefits.

Tax-related laws, rules and regulations are factors that are subject to rapid change and which could detrimentally affect the performance of the Fund.

Top Twenty (20) Shareholders

On 7 March 2013, SEC en banc approved the confidential treatment of the list of Top 20 shareholders of the Fund, including its 5% and 10% beneficial owners. This is to protect the investors' privacy, which is a privilege they enjoy when they invest in other shared investment vehicles, such as unit investment trust funds, and when they invest in bank deposits.

Prevention of Money-Laundering and Terrorist Financing

As part of the Funds' responsibility for the prevention of money-laundering under the Anti-Money Laundering Act of 2001 (Republic Act No. 9160), as amended, the Terrorism Financing Prevention and Suppression Act of 2012 (R.A. 10168) and other relevant rules and regulations, the Funds or an entity acting on their behalf may require evidence verifying the identity of a prospective purchaser of shares and the source of the relevant funds. Whether or not such evidence will be required and, if so, the nature and extent of such evidence will depend on the particular circumstances.

The Funds and any entity acting on their behalf reserve the right to request such information as considered necessary to verify the identity of a proposed purchaser of shares in each case, and the Funds have absolute discretion to refuse to accept a subscription for shares in the event of delay or failure in the provision of any such information required. The Funds and /or relevant government agencies shall immediately preserve the subject property or funds upon receipt of the notice of a freeze order, in accordance with the order of the court of competent jurisdiction or the AMLC. The owner or holder of the property or funds shall be given a copy of the notice of the freeze order.

Data Privacy Act of 2012 (Republic Act No. 10173)

To enable the Funds to comply with the requirements of the Data Privacy Act of 2012 (Republic Act No. 10173), the Funds requires you to expressly authorize the Funds to collect, process, use, destroy your personal and sensitive personal information and any information related to you and your account as well as its sharing, transfer and/or disclosure to any of the Fund's affiliates, agents and representatives, industry associations and third parties such as but not limited to outsourced service providers, external auditors, and local and foreign regulatory authorities in relation to any matter including but not limited to those involving anti-money laundering and tax monitoring, review and reporting, statistical and risk analysis, provision of any products, service, or offers made through mail/email/fax/SMS/telephone, customer satisfaction surveys; compliance with court and other lawful orders and requirements.

The Funds further require you to hold the Funds and Sun Life Asset Management free and harmless from any liability that may arise from any transfer, disclosure, processing, collection, use, storage or destruction of said information.

Foreign Account Tax Compliance Act – United States

For purposes of compliance with the Foreign Account Tax Compliance Act (FATCA, or Chapter 4 of the US Internal Revenue Code) particularly, Change in Circumstances, the Funds require you to notify the Funds in writing and provide the required details or documents within thirty (30) days from a change of your circumstances.

Change of circumstances means any change in which results in the Funds being subject to tax reporting and withholding requirements under local and/or foreign laws applicable to you or your property, such as the US Foreign Account Tax Compliance Act. There is a change of circumstances if there is a change in your contact information, identification documents, place of residence, your citizenship or that of your beneficiary, or other circumstances as defined under applicable laws;

Failure to accomplish the foregoing gives the Funds the right to exercise any of the following:

- a. continue the account on the same terms and conditions;
- b. continue the investment on the same terms and conditions and deduct from it any amount that the Funds has to withhold under the applicable laws; or,
- c. terminate your account.

The right to terminate the account will only be exercised if you have failed to provide the required information within thirty (30) days from written notice from the Funds and only after the Funds are unable to transfer your account or take any steps other than termination in order to comply with applicable laws.

The Sun Life Prosperity Funds

The Sun Life Prosperity Funds are Philippine corporations registered as open-end investment companies under Republic Act No. 2629, also known as the Investment Company Act, and Republic Act No. 8799 or the Securities Regulation Code. Please refer to the section *Specific information about each Sun Life Prosperity Fund* for details that are unique to the individual Funds.

Capitalization

This refers to the shareholders' equity of the Funds i.e. the investment put in by its initial shareholders upon incorporation. Details can be found in Annex A of this Prospectus.

Fundamental Investment Policies

The Funds are governed by the following fundamental investment policies:

1. A Fund shall not issue senior securities.
2. A Fund shall not incur any further debt or borrowing unless at the time of its incurrence or immediately thereafter there is an asset coverage of at least three hundred percent (300%) for all its borrowings. In the event that such asset coverage shall at any time fall below three hundred percent (300%), the Fund shall within three (3) days thereafter, reduce the amount of its borrowings to an extent that the asset coverage of such borrowings shall be at least three hundred percent (300%).
3. A Fund shall not participate in any underwriting or selling group in connection with the public distribution of securities, except for its own capital stock.
4. A Fund will generally maintain a diversified portfolio. Industry concentrations may vary at any time depending on the Fund Manager's view on the prospects.
5. A Fund shall not invest more than 20% of its net assets in real estate properties and developments, subject to investment restrictions and/or limitations under applicable laws, if any.
6. A Fund shall not purchase or sell commodity futures contracts.
7. A Fund shall not make any loan to other persons, or to other interested persons such as the members of the Board of Directors, officers of the Fund and any affiliates, or affiliated corporations of the Fund. However, the Bond and Balanced Funds shall engage in legally permissible lending operations considered by its respective Board of Directors to be financially solid and sound.
8. The proportion of a Fund's assets that shall be invested in each type of security shall be determined from time to time, as warranted by economic and investment conditions.
9. Subscribers are required to settle their subscriptions in full upon submission of their application for subscriptions.
10. A Fund may use various techniques to hedge investment risks.
11. A Fund will not change its investment objectives without the prior approval of a majority of its shareholders.

Policies with Respect to Security Investments

1. *Type of securities, which the registrants may invest in, and the proportion of the assets which may be invested in each such type of security.*

A Fund's objective is to generate as high level of current income as is considered consistent with the preservation of capital and general fund liquidity. For purposes of liquidity, regulations require that each Fund invest a minimum of five percent (5%) of the Fund's net assets in liquid or semi liquid assets, such as:

- i. Treasury notes or bills, Certificates of Indebtedness issued by the Bangko Sentral ng Pilipinas which are short-term, and other government securities or bonds and such other evidence of indebtedness or obligations, the servicing and repayment of which are fully guaranteed by the Republic of the Philippines; and
- ii. Savings or time deposits with government-owned banks or commercial banks, provided that in no case shall such savings or time deposit accounts be accepted or allowed under the “bearer” or “numbered” account or other similar arrangements.

Each Fund, however, expects to invest more than 5% in the aforementioned securities and deposits.

2. Percentage of assets, which a Fund may invest in the securities of any one issuer

The maximum investment of each Fund in any single enterprise shall not exceed the amount equivalent to fifteen percent (15 %) of each Fund's net asset value except obligations of the Philippine Government or its instrumentalities.

3. Percentage of voting securities of any one issuer, which a Fund may acquire

The total investment of each Fund shall not exceed ten percent (10%) of the outstanding voting securities of any investee company.

4. Investment in other companies for the purpose of exercising control or management

The Funds have no intention of exercising control or management over other companies.

5. A Fund shall not purchase from or sell to any of its officers or directors, or the officers or directors of its Investment Adviser, Manager or Distributor or firms of which any of them are members, any security other than the registrants' own capital stock.

6. The total operational expenses of each Fund shall not exceed ten percent (10%) of its total investment fund or total net worth.

7. Until the SEC provides otherwise, the registrants shall not short sell securities or invest in any of the following:

- i. Margin purchases of securities (investment in partly paid shares are excluded)
- ii. Commodity futures contracts,
- iii. Precious metals, and
- iv. Unlimited liability investments such as a general partnership.

8. Investment in securities of other investment companies

The Dollar Advantage Fund started to invest in the securities of other diversified investment companies for its global investments in 2009. The Dollar Wellspring Fund and World Voyager Fund have also invested in diversified investment companies since 2015.

9. The Commission in its meeting of June 23, 2005, allowed mutual fund companies to invest 100% of their net assets in foreign securities subject to standards set by the Commission.

10. SEC Memorandum Circular #10, Series of 2006, requires that investment in bonds and evidence of indebtedness registered and traded on an organized market in a foreign country whose issue and issuer borrower are rated at least BBB.

11. Investments in foreign securities shall be in accordance with SEC Memorandum Circular #7, Series of 2005 Guidelines on the Evaluation of Foreign Investments by Mutual Fund Companies.

Properties

The Funds have may have financial assets in the forms of cash, fixed income securities, and equity stock securities depending on their investment objectives. As prescribed by SEC rules, all of the Funds' assets must be held by their respective custodian banks as enumerated in the section Organization and Management of the Funds.

Securities of the Funds

A share of stock of each Fund is a voting stock with voting rights equal to every other outstanding share of stock of the same Fund, and subject to the following conditions:

1. Distribution of Dividends

Each shareholder has a right to any dividends declared by the Fund.

2. Denial of Pre-emptive Rights

No stockholder shall, because of his ownership of stock, have a pre-emptive or other right to purchase, subscribe for, or take any part of any stock or of any other securities convertible into or carrying options or warrants to purchase stock of the registrant.

3. Right of Redemption

The holder of any share of the registrants, upon its presentation to the Funds or to any of the duly authorized representatives, is entitled to receive by way of redemption approximately his proportionate share of the particular Funds' current net assets or the cash equivalent thereof.

4. Modification of Rights of Shareholders

The rights of shareholders of the registrants shall not be modified except by a majority or more of the shares outstanding, voting as a class in each particular Fund.

Other than the above and those provided by law, there are no other material rights accorded to the shareholders.

While DFFS holders are not shareholders, they have the Right of Redemption and may exercise the options found under Optional Services.

Since incorporation, the following Funds have increased their authorized capital as follows:

FUND NAME	DATE	ADDITIONAL SHARES
Bond Fund	March 2001	300,000,000
	July 2001	200,000,000
	November 2001	200,000,000
	May 2002	1,600,000,000
	November 2002	300,000,000
Dollar Advantage Fund	October 2003	1,000,000,000
	August 2004	2,200,000
	July 2006	2,000,000
	May 2013	12,000,000
Balanced Fund	October 2014	15,000,000
	October 2008	3,800,000,000
	January 2014	1,000,000,000

Philippine Equity Fund	October 2008	1,000,000,000
	May 2013	1,800,000,000
	January 2014	1,500,000,000
Dynamic Fund	January 2014	2,000,000,000
	December 2014	3,000,000,000
Money Market Fund	January 2010	300,000,000
Abundance Fund	May 2013	8,000,000
GS Fund	December 2013	800,000,000
Index Fund	October 2015	1,500,000,000

The required number of shares were subscribed and fully paid for upon application for increase with the Securities and Exchange Commission.

Dividends

The Board of Directors of the Funds have the power to fix and determine the amount to be reserved or provided for declaration and payment of dividends from the Funds' unrestricted retained earnings. The amount of such dividends (either in cash, stock, property or a combination of the foregoing) will depend on the Funds' profits, cash flows, capital expenditure, financial condition, and other factors. The existence of surplus profit arising from the operations of the Funds is needed before a dividend can be declared. The surplus profits or income must be a bona fide income founded upon actual earnings or profits. Actual earnings or profits shall be the net income for the year based on the audited financial statements, adjusted for unrealized items, which are considered not available for dividend declaration.

Cash dividends and property dividends may be declared by the Board of Directors and no stockholder approval is required. Stock dividends paid on shares of the Funds are subject to approval by both the Board of Directors and the stockholders representing at least two-thirds (2/3) of the outstanding capital stock of the Funds at a stockholders' meeting called for such purpose.

Under the Corporation Code, corporations with surplus profit in excess of 100% of its paid-in capital stock are required to declare dividends (cash or stock) and distribute it to you, as one of its stockholders.

Dividends so declared will be automatically reinvested in additional shares on your behalf, without sales charges, at the NAVPS on the payment date established for such dividends. You may also elect not to have dividends reinvested and receive payment in cash, net of tax.

Pricing of Securities for Sale, Redemption, or Repurchase

For more details, please refer to [Purchases and Redemptions](#).

Competition

Our Funds principally compete directly with other mutual funds in the Philippines and with the Unit Investment Trust Funds (UITFs) offered by commercial banks in terms of return and the associated risks of the return. The market strength of our Funds is its wide distribution network that provides strategic distribution of the Funds shares, and the financial stability and reputation of the Fund Manager.

We participate in the mutual funds sector which is a sub-sector of the financial services industry. In recent years, this industry has seen increased liberalization, and an influx of competition principally begun during the Ramos administration but carried on with varying intensity during succeeding administrations. There are no national geographical boundaries as the nature of the industry and prevailing technology makes it possible for the various players to offer their services to almost any place in the country.

In terms of net asset value, the group of funds that we manage on a consolidated basis is the second largest in the industry. Below are the top three (3) asset management companies in the Philippines in terms of Net Asset Value (NAV) as of May 31, 2016.

Asset Management Company	Net Asset Value (in millions)
ALFM / BPI Investment Management Inc.	PHP 105,023
Sun Life Asset Management Company, Inc.	PHP 62,264
Philam Asset Management, Inc.	PHP 58,570

We intend to compete principally based on our reputation for superior investment performance and corporate governance coupled with our distribution network and superior backroom operations.

Legal Proceedings

There is no material pending legal proceeding to which the Funds or any of their affiliates is a party or which any of their property is the subject.

Effect of Existing or Probable Governmental Regulations on the Business

Senate and Congressional Bills amending R.A. 2629, which is the main law that regulates the mutual fund industry, have been filed. The most prominent of these are the bills on the proposed Collective Investment Schemes Law ("CISL"). One of the noteworthy provisions of the CISL bills is the exemption of mutual fund companies from certain requirements of the Corporation Code as regards increasing Authorized Capital Stock ("ACS"). If passed into law, this would be of possible benefit to the mutual fund companies which, with their numerous stockholders, find it difficult to obtain the votes of stockholders representing at least 2/3 of the outstanding capital stock to approve certain corporate actions. Sun Life Asset Management, through PIFA, participates in the hearing and deliberation of the CISL Bill. Sun Life Asset Management expects the regulatory environment to improve with the passage of the CISL bill to the benefit of investors.

Organization and Management of the Funds

Fund Manager Sun Life Asset Management Company, Inc. 8th Floor, Sun Life Centre 5th Avenue corner Rizal Drive Bonifacio Global City, Taguig 1634	Registered with the Philippine Securities and Exchange Commission (SEC) on January 18, 2000 and started commercial operations on May 1, 2000. We are responsible for the day-to-day business and operations of the Funds, such as managing, providing and rendering management and technical advice and services for mutual funds, corporations, natural persons and other entities and in connection therewith, as far as may be permitted by law, to acquire, mortgage, sell, and deal in securities of every kind and description including, but not limited to, stocks, bonds, notes, commercial papers and to promote, manage and participate in the distribution of any securities.
Affiliated Company Sun Life of Canada (Philippines) Inc. 2nd Floor, Sun Life Center 5th Avenue corner Rizal Drive Bonifacio Global City, Taguig 1634	Affiliated company of the Fund Manager as a stockholder.
Distributor Sun Life Asset Management Company, Inc.	As distributor, we will continuously offer for sale the shares of the different Funds through our registered representatives who are legally qualified to sell the Funds' shares and dealers with whom we have entered into distribution agreements.

Auditor Navarro, Amper, & Co. Deloitte Touche Tohmatsu Limited 19th Floor, Net Lima Plaza, 5th Avenue cor. 26th Street, Bonifacio Global City, Taguig City 1634	The auditors audit the Funds' financial statements and provide an opinion as to whether they present fairly the Funds' financial position, results and changes in net assets in accordance with applicable accounting principles.

Fees and Expenses Payable by the Funds

The following is a summary of the material terms of the principal agreements related to the business of the Funds and should not be considered to be a full statement of the terms and provisions of such agreements. Accordingly, the following summaries are qualified by reference to each agreement and are subject to the full text of each agreement.

Management Agreement

The Funds and Sun Life Asset Management have executed a Management Agreement notarized on 30 September 2008, and effective 26 May 2008 in order for us to provide certain services to the Funds, such as: investment and re-investment of the assets; preparation and submission of such information and data relating to the Funds; coordination of the activities; preparation of reports, circulars and notices and other information as may be required; representation with government offices; accounting, bookkeeping, clerical and other administrative facilities; provision of office space and other administrative facilities to the Funds; and carrying out of due diligence with respect to any broker through whom the Funds deal in the conduct of its investment operations.

We may, without need of prior approval of or prior notification of the Funds, purchase and sell securities or make other investments for account of the Funds, within the limits of the Funds' investment objectives, policies or guidelines and subject to the provisions of the Investment Company Act.

The Funds agree to pay to Sun Life Asset Management an annual management fee as detailed in the following table. In no case may the total compensation to Sun Life Asset Management exceed any maximum limit prescribed under the law, rule and/or regulations.

PHILIPPINE PESO FUNDS	Bond Fund	Balanced Fund	Phil. Equity Fund	Index Fund	Dynamic Fund	GS Fund	Money Market Fund
% of Average Assets Under Management	0.75%	1.00%	1.00%	0.50%	1.25%	0.75%	0.125%

US DOLLAR FUNDS	Dollar Advantage Fund	Dollar Abundance Fund	Dollar Wellspring Fund	World Voyager Fund
% of Average Assets Under Management	0.75%	0.75%	0.75%	1.00%

Custody Agreements

All proceeds from the sale of shares/securities, including the original subscription/payments at the time of incorporation constituting the paid-in capital of the Funds shall be held by their designated custodian banks. The Funds and their designated custodian banks have executed Custody Agreements for them to perform such custody services. These Agreements were made effective on 2000 - 20015 and shall be valid and binding until either of the party serves written notice of termination to the other party at least 60 days or 90 days prior to the intended effective date of termination.

The Funds agree to pay to their custodian banks, as compensation for the latter's services and facilities, an annual fee equivalent of up to 0.02% of average assets under management. In no case may the total compensation to the custodian banks exceed any maximum limit prescribed under the law, rule and/or regulations.

Distribution Agreement

The Funds and Sun Life Asset Management have executed a Distribution Agreement notarized on 30 September 2008, and made effective 26 May 2008 in order for us to act as Principal Distributor and sell shares on a best efforts basis, of the capital stock of the Funds at a public offering price equal to the NAVPS in effect at the time of the sale and the sales commission payable to us.

The Funds agree to pay us an annual distribution fee as stated in the following table. In no case may the total compensation to Sun Life Asset Management exceed any maximum limit prescribed under the law, rule and/or regulations.

PHILIPPINE PESO FUNDS	Bond Fund	Balanced Fund	Phil. Equity Fund	Index Fund	Dynamic Fund	GS Fund	Money Market Fund
% of Average Assets Under Management	0.75%	1.00%	1.00%	0.50%	1.25%	0.75%	0.125%

US DOLLAR FUNDS	Dollar Advantage Fund	Dollar Abundance Fund	Dollar Wellspring Fund	World Voyager Fund
% of Average Assets Under Management	0.75%	0.75%	0.75%	0.75%

Transfer Agency Agreement

The Funds and Sun Life Asset Management have executed a Transfer Agency Agreement notarized on 14 April 2010 for us to perform transfer agency services for the Funds. This Agreement was made effective on 01 March 2010 and shall be deemed automatically renewed every year thereafter, unless Sun Life Asset Management or the Funds shall have notified the party in writing at least sixty (60) days prior to the intended effective date of termination of its intention not to renew the agreement.

The Funds agree to pay to us, as compensation for the latter's services and facilities, an annual fee equivalent to 0.15% of average assets under management. In no case may the total compensation to Sun Life Asset Management exceed any maximum limit prescribed under the law, rule and/or regulations.

PHILIPPINE PESO FUNDS	Bond Fund	Balanced Fund	Phil. Equity Fund	Index Fund	Dynamic Fund	GS Fund	Money Market Fund
% of Average Assets Under Management	0.15%	0.15%	0.15%	0.15%	0.15%	0.15%	0.15%

US DOLLAR FUNDS	Dollar Advantage Fund	Dollar Abundance Fund	Dollar Wellspring Fund	World Voyager Fund
% of Average Assets Under Management	0.15%	0.15%	0.15%	0.15%

Directors and Executive Officers

The respective Boards of the Funds are responsible for conducting all the businesses of the Funds. They shall exercise general supervision over the duties performed by the Fund Manager, Distributor, Administrator, Transfer Agent and Custodian of the Funds.

Employees

The Funds have no management personnel and employees. Pursuant to the Funds' Management Agreement with its Fund Manager, Sun Life Asset Management, the latter provides all staff of the Funds, including executive officers and other trained personnel.

Executive Compensation

The directors do not receive any form of compensation from inception up to the present other than a PHP 20,000 per diem for meetings attended. Only the members of the Board who are "external directors", *i.e.*, those who are not officers and/or employees of SLOCPI or Sun Life Asset Management, receive remuneration for their attendance in regular or special meetings of the Board. Also, there is no bonus, profit sharing or other compensation plan, pension or retirement plan, contract or arrangement in which any director or nominee for election as a director or executive officer of a Fund will participate.

Aside from the per diem, each external director, as defined above, also receives a retainer's fee not to exceed PHP 15,000 per quarter. The payment of such retainer's fee is shared by all Sun Life Prosperity Funds wherein an external director serves, provided that each external director shall receive only a maximum of PHP 15,000 per quarter from all the Sun Life Prosperity Funds which he serves as director.

Each Board has two external directors and had four scheduled (4) regular quarterly meetings for 2015, including the organizational board meeting after the annual shareholders' meeting.

Total actual directors per diem and retainers' fees for the years 2015, 2014 and 2013 are shown on the table below

	ACTUAL 2015	ACTUAL 2014	ACTUAL 2013
Bond Fund	PHP 199,053	PHP 225,000	PHP 224,000
Balanced Fund	PHP 322,021	PHP 366,666	PHP 365,000
Philippine Equity Fund	PHP 322,111	PHP 371,667	PHP 310,000
Money Market Fund	PHP 199,053	PHP 224,999	PHP 185,000
GS Fund	PHP 199,588	PHP 231,668	PHP 229,000
Dynamic Fund	PHP 185,657	PHP 224,999	PHP 185,000
Index Fund	PHP 211,875	0	0
Dollar Advantage Fund	USD 4,394	USD 5,129	USD 4,273
Dollar Abundance Fund	USD 4,394	USD 5,129	USD 4,273

Directors and Executive Officers

The following table shows the current position in the Funds of Sun Life Financial employees, who are also directors of the Funds.

PHILIPPINE PESO FUNDS	Bond Fund	Balanced Fund	Phil. Equity Fund	Phil. Stock Index Fund	Dynamic Fund	GS Fund	Money Market Fund
Rizalina G. Mantaring	Chairman and Director	Chairman and Director	Chairman and Director	Chairman and Director	Chairman and Director	Chairman and Director	Chairman and Director

Involvement in Certain Legal Proceedings

None of the directors or officers of the Funds are involved in legal proceedings either as complainant (petitioner) or defendant (respondent).

Qualification and Election of Directors

The Funds have 5 directors each. Under the Corporation Code, each director must be a stockholder of record at the time of election. The directors are elected by a plurality of votes at the annual meeting of the Funds each year. At each election of directors, every stockholder has the right to vote, in person or by proxy, the number of shares owned by such stockholder for as many persons as there are directors to be elected in that Fund and to cumulate such stockholder's votes by giving one candidate as many votes as the number of such directors multiplied by the number of such stockholder's shares or by distributing such votes on the same principle to any number of candidates. Directors so elected hold office until the expiration of their respective terms and until the election and qualification of their respective successors.

Security Ownership of Management

The Funds' Chairman, its senior executive officers, and the internal directors all hold their shares in the Funds in trust for Sun Life of Canada (Philippines), Inc.

Security Ownership of Certain Record and Beneficial Owners

Please see Annex C.

Members of the Advisory Board of the Funds

The Funds do not have an advisory board.

Relationship and Related Transactions

Other than the interlocking directors and officers of Sun Life Asset Management and the Sun Life Prosperity Funds mentioned previously, management and members of the Board of Directors of the Sun Life Prosperity Funds are not involved in companies the Funds deal with.

Management Discussions and Analysis of Financial Condition and Results of Operations

The discussion should be read in conjunction with the financial statements of the Funds, as summarized in Annex D, including the notes appearing elsewhere in this Prospectus, available at the offices of the Funds or at www.sunlifefunds.com.

Top Five Key Performance Indicators

The performance of a fund is important to its investors. Oftentimes, it is used when making investment decisions. We have created a set of quantifiable measures called Key Performance Indicators (KPI) that necessary to gauge its performance in terms of meeting the Fund's investment objective while consistently following its investment policy.

1. Total Return

The performance of a mutual fund is always expressed in terms of its total return, which is the sum of the change in a fund's net asset value (NAV), its dividends and its capital gains distributions over a given period of time, net of its expenses.

Historical performance of the Funds' shares can be found in their respective prospectuses, the Funds' latest Fact Sheets or at www.sunlifefunds.com.

2. Market Conditions

A fund's true performance potential needs to be evaluated within the context of the market environment prevailing during the different periods used.

A 10-year time frame is most relevant for investors to measure the performance of a fund as it will most likely cover a mix of market conditions that may be translated into a more reliable long-term indicator of the fund manager's investment management abilities.

3. Benchmarks

Benchmarking is one of the most important aspects of a mutual fund's total return performance. A fund's performance metrics only have meaning if they are compared to appropriate "guideposts," or benchmarks.

Below are the benchmarks of the funds:

FUND NAME	New Benchmark
Sun Life of Canada Prosperity Balanced Fund, Inc.	50% PSEi + 45% Bloomberg Philippine Sovereign Bond Index 1 to 5 Year + 5% 30-day Special Savings Account
Sun Life of Canada Prosperity Bond Fund, Inc.	95% Bloomberg Philippine Sovereign Bond Index + 5% 30-day pecial Savings Account
Sun Life of Canada Prosperity GS Fund, Inc.	95% Bloomberg Philippine Sovereign Bond Index + 5% 30-day pecial Savings Account
Sun Life of Canada Prosperity Dynamic Fund, Inc.	50% PSEi + 50% Bloomberg Philippine Sovereign Bond Index
Sun Life of Canada Prosperity Money Market Fund, Inc.	100% 30-day pecial Savings Rate General Average

The benchmark may be changed by the Funds' Board of Directors from time to time.

Historical performance of the Funds' shares with respect to their benchmarks can be found in their respective prospectuses, the Funds' latest Fact Sheets or at www.sunlifefunds.com.

4. Peer Comparisons

Mutual funds are also compared to their peers, or peer groups, and relevant fund categories. For example, it is common for investment research materials to compare a stock fund, like the Sun Life of Canada Prosperity Philippine Equity Fund, to funds similar in nature (peers or peer group). While this information is made available to the Fund's investors, the same may be found in the website of the Philippines Investment Fund Association (PIFA) at www.pifa.com.ph.

5. Asset Size

Open-ended mutual funds grow their asset size in two ways:

- Increase in the value of the underlying assets as a result of the strong performance of equity securities and/or bonds in the fund's portfolio. When the underlying assets in a portfolio increase in value, the fund's asset size increases.
- The inflow of investors' money. This is why a fund's asset size will continue to grow even if it has a negative return.

The increase in a fund's asset size signifies solid fund management skills which combined with favorable market conditions backed by a strong economic outlook illustrates how effectively a fund manager has performed and the extent to which value has been added through active management.

The second indicates investor confidence in the fund manager, the company, or both.

Sun Life Asset Management, having been in the business since 2000 and combined with a record of consistent strong performance, indicates a stability and resilience capable of withstanding the different stages of the business cycle.

Financial Reporting Framework and Basis of Preparation and Presentation

Statement of Compliance

The financial statements of the Company have been prepared in accordance with Philippine Financial Reporting Standards (PFRS), which include all applicable PFRS, Philippine Accounting Standards (PAS) and interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC), Philippine Interpretations Committee (PIC) and Standing Interpretations Committee (SIC) as approved by the Financial Reporting Standards Council (FRSC) and the Board of Accountancy (BOA), and adopted by the SEC.

Basis of Preparation and Presentation

The financial statements of the Company have been prepared on the historical cost basis, except for certain financial assets measured at fair value and certain financial instruments carried at amortized cost.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Functional Currency

These financial statements are presented in Philippine peso, the currency of the primary economic environment in which the Company operates. All amounts are recorded to the nearest peso, except when otherwise indicated.

Adoption of New and Revised Accounting Standards

Adoption of New and Revised Accounting Standards Effective in 2015

The following new and revised accounting standards and interpretations that have been published by the International Accounting Standards Board (IASB) and issued by the FRSC in the Philippines were adopted by the Company effective on January 1, 2015:

Annual Improvements to PFRSs 2010-2012 Cycle

The annual improvements address the following:

Amendment to PFRS 13, Fair Value Measurement (amendment to the basis of conclusions only, with consequential amendments to the bases of conclusions of other standards)

The amendment clarified that the issuance of PFRS 13 and consequential amendments to PAS 39 and PFRS 9 did not remove the ability to measure short-term receivables and payables with no stated interest rate at their invoice amounts without discounting, if the effect of not discounting is immaterial.

The amendment did not have a significant impact on the Company's financial statements.

Amendment to PAS 24, Related Party Disclosures

The amendment clarified that a management entity providing key management personnel services to a reporting entity is a related party of that reporting entity. Consequently, the reporting entity must disclose as related party transactions the amounts incurred for the service paid or payable to the management entity for the provision of key management personnel services. However, disclosure of the components of such compensation is not required.

The amendment did not have a significant impact on the Company's financial statements.

Annual Improvements to PFRSs 2011-2013 Cycle

These annual improvements address the following:

Amendment to PFRS 13, Fair Value Measurement

The scope of the portfolio exception for measuring the fair value of a group of financial assets and financial liabilities on a net basis was amended to clarify that it includes all contracts that are within the scope of, and accounted for in accordance with, PAS 39 or PFRS 9, even if those contracts do not meet the definitions of financial assets or financial liabilities within PAS 32.

The amendment did not have a significant impact on the Company's financial statements.

New Accounting Standards Effective after the Reporting Period Ended December 31, 2015

The Company will adopt the following PFRS once these become effective:

Amendments to PFRS 11, Accounting for Acquisitions of Interests in Joint Operations

The amendments clarify the accounting for acquisitions of an interest in a joint operation when the operation constitutes a business such that the acquirer is required to apply all of the principles on business combinations in PFRS 3 and other PFRSs with the exception of those principles that conflict with the guidance in PFRS 11. Accordingly, a joint operator that is an acquirer of such an interest has to:

- measure most identifiable assets and liabilities at fair value;
- expense acquisition-related costs (other than debt or equity issuance costs);
- recognize deferred taxes;
- recognize any goodwill or bargain purchase gain;
- perform impairment tests for the cash generating units to which goodwill has been allocated; and
- disclose information required relevant for business combinations.

The amendments apply to the acquisition of an interest in an existing joint operation and also to the acquisition of an interest in a joint operation on its formation, unless the formation of the joint operation coincides with the formation of the business.

The amendments are effective for annual periods beginning on or after January 1, 2016. Earlier application is permitted but corresponding disclosures are required. The amendments apply prospectively.

The future adoption of the amendments will have no effect on the Company's financial statements.

PFRS 14, Regulatory Deferral Accounts

The standard permits an entity which is a first-time adopter of Philippine Financial Reporting Standards to continue to account, with some limited changes, for 'regulatory deferral account balances' in accordance with its previous GAAP, both on initial adoption of PFRS and in subsequent financial statements. Regulatory deferral account balances, and movements in them, are presented separately in the statement of financial position and statement of profit or loss and other comprehensive income, and specific disclosures are required.

The standard is effective for annual reporting periods beginning on or after January 1, 2016. Earlier application is permitted.

The future adoption of the standard will have no effect on the Company's financial statements.

Amendments to PAS 16, Property, Plant and Equipment

These amendments clarify that a depreciation method that is based on revenue generated by an activity that includes the use of an asset is not appropriate. This is because such method reflects a pattern of generation of economic benefits that arise from the operation of the business of which an asset is part, rather than the pattern of consumption of an asset's expected future economic benefits.

The amendments are effective for annual periods beginning on or after January 1, 2016. Earlier application is permitted.

The future adoption of the amendments will have no effect on the Company's financial statements.

Amendments to PAS 16, Property, Plant and Equipment and Amendments to PAS 41, Agriculture

The amendments require biological assets that meet the definition of a bearer plant to be accounted for as property, plant and equipment in accordance with PAS 16. The amendments define bearer plants as living plants that are used in the production or supply of agricultural produce and for which there is only a remote likelihood that the plant will also be sold as agricultural produce.

The amendments are effective for annual periods beginning on or after January 1, 2016, with earlier application being permitted.

The future adoption of the amendments will have no effect on the Company's financial statements.

Amendments to PAS 27, Separate Financial Statements

The amendments reinstate the equity method as an accounting option for investments in subsidiaries, joint ventures and associates in an entity's separate financial statements.

The amendments are effective for annual periods beginning on or after January 1, 2016, with earlier application being permitted.

The future adoption of the amendments will have no effect on the Company's financial statements.

Amendments to PAS 38, Intangible Assets

These amendments introduce rebuttable presumption that a revenue-based amortization method for intangible assets is inappropriate for the same reasons as in PAS 16, Property, Plant and Equipment. However, the IASB states that there are limited circumstances when the presumption can be overcome:

- the intangible asset is expressed as a measure of revenue (the predominant limiting factor inherent in an intangible asset is the achievement of a revenue threshold); and
- it can be demonstrated that revenue and the consumption of economic benefits of the intangible asset are highly correlated (the consumption of the intangible asset is directly linked to the revenue generated from using the asset).

The amendments are effective for annual periods beginning on or after January 1, 2016. Earlier application is permitted.

The future adoption of the amendments will have no effect on the Company's financial statements.

Amendments to PFRS 10: Consolidated Financial Statements and PAS 28: Investments in Associates and Joint Ventures (2011)

The amendments include the following:

- Amendment to PAS 28 (2011) so that the current requirements regarding the partial gain or loss recognition for transactions between an investor and its associate or joint venture only apply to the gain or loss resulting from the sale or contribution of assets that do not constitute a business as defined in PFRS 3, Business Combinations and the gain or loss resulting from the sale or contribution to an associate or a joint venture of assets that constitute a business as defined in PFRS 3, Business Combinations is recognized in full.
- Amendment to PFRS 10 so that the gain or loss resulting from the sale or contribution of a subsidiary that does not constitute a business as defined in PFRS 3, Business Combinations to an associate or joint venture is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

The amendments are to be effective for annual periods beginning on or after January 1, 2016.

The future adoption of the amendments will have no effect on the Company's financial statements.

Annual Improvements to PFRSs 2012-2014 Cycle

The annual improvements address the following:

Amendment to PFRS 5, Non-current Assets Held for Sale and Discontinued Operations

The amendment introduces specific guidance in PFRS 5 when an entity reclassifies an asset (or disposal group) from held for sale to held for distribution to owners (or vice versa), or when held-for-distribution accounting is discontinued. The amendment states that:

- such reclassifications should not be considered changes to a plan of sale or a plan of distribution to owners and that the classification, presentation and measurement requirements applicable to the new method of disposal should be applied; and
- assets that no longer meet the criteria for held for distribution to owners (and do not meet the criteria for held for sale) should be treated in the same way as assets that cease to be classified as held for sale.

The future adoption of the amendment will have no effect on the Company's financial statements. Amendments to PFRS 7, Financial Instruments: Disclosures

The amendments provide additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset for the purpose of the disclosures required in relation to transferred assets. PFRS 7 states that a pass through arrangement under a servicing contract does not, in itself, constitute a continuing involvement in asset, for instance, when the amount and/or timing of the servicing fee depend on the amount and/or the timing of the cash flows collected. The amendments add guidance to this effect.

The amendments also clarified the applicability of the disclosure requirements on offsetting financial assets and financial liabilities to be included in condensed interim financial statements. The amendments clarify that the offsetting disclosures are not explicitly required for all interim periods. However, the disclosures may need to be included in condensed interim financial statements to comply with PAS 34, Interim Financial Reporting.

The future adoption of the amendments will have no effect on the Company's financial statements.

Amendments to PAS 19, Employee Benefits

The amendments clarified that the high quality corporate bonds used to estimate the discount rate for post-employment benefits should be issued in the same currency as the benefits to be paid. These amendments would result in the depth of the market for high quality corporate bonds being assessed at currency level.

The future adoption of the amendments will have no effect on the Company's financial statements.

Amendment to PAS 34, Interim Financial Reporting

The amendment clarified the requirements relating to information required by PAS 34 that is presented elsewhere within the interim financial report but outside the interim financial statements. The amendment requires that such information be incorporated by way of a cross-reference from the interim financial statements to the other part of the interim financial report that is available to users on the same terms and at the same time as the interim financial statements.

The future adoption of the amendment will have no effect on the Company's financial statements.

The above improvements are effective for annual periods beginning on or after January 1, 2016. However, early application of these improvements is permitted.

Amendments to PFRS 10, PFRS 12 and PAS 28, Investment Entities: Applying the Consolidation Exception

The amendments address the issues that have arisen in the context of applying the consolidation exception for investment entities. The amendments clarify the following aspects:

- Whether an investment entity parent should account for an investment entity subsidiary at fair value, when the subsidiary provides investment-related services to third parties;
- The interaction between the investment entity amendments and the exemption from preparing consolidated financial statements requirements in PFRS 10; and
- Whether a non-investment entity must 'unwind' the fair value accounting of its joint ventures or associates that are investment entities.

An investment entity measuring all of its subsidiaries at fair value provides the disclosures relating to investment entities required by PFRS 12.

These amendments will have no material impact on the Company's financial statements.

Amendments to PAS 1, Presentation of Financial Statements

The amendments include the following:

- **Materiality:** The amendments clarify that (1) information should not be obscured by aggregating or by providing immaterial information, (2) materiality considerations apply to all parts of the financial statements, and (3) even when a standard requires a specific disclosure, materiality considerations do apply.
- **Statement of financial position and statement of profit or loss and other comprehensive income:** The amendments (1) introduce a clarification that the list of line items to be presented in these statements can be disaggregated and aggregated as relevant and additional guidance on subtotals in these statements and (2) clarify that an entity's share of OCI of equity-accounted associates and joint ventures should be presented in aggregate as single line items based on whether or not it will subsequently be reclassified to profit or loss.
- **Notes:** The amendments add additional examples of possible ways of ordering the notes to clarify that understandability and comparability should be considered when determining the order of the notes. The standard also removed guidance and examples with regard to the identification of significant accounting policies that were perceived as being potentially unhelpful.

The amendments are effective for annual periods beginning on or after January 1, 2016. Earlier application is permitted. Application of the amendments need not be disclosed.

The future adoption of the amendments will have no effect on the Company's financial statements.

PFRS 9, Financial Instruments (2014)

This standard consists of the following three phases:

Phase 1: Classification and measurement of financial assets and financial liabilities

With respect to the classification and measurement under this standard, all recognized financial assets that are currently within the scope of PAS 39 will be subsequently measured at either amortized cost or fair value. Specifically:

- A debt instrument that (i) is held within a business model whose objective is to collect the contractual cash flows and (ii) has contractual cash flows that are solely payments of principal and interest on the outstanding balance must be measured at amortized cost (net of any write down for impairment), unless the asset is designated at fair value through profit or loss (FVTPL) under the fair value option.
- A debt instrument that (i) is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets and (ii) has contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, must be measured at fair value through other comprehensive income (FVTOCI), unless the asset is designated at FVTPL under the fair value option.
- All other debt instruments must be measured at FVTPL.
- All equity investments are to be measured in the statement of financial position at fair value, with gains and losses recognized in profit or loss except that if an equity investment is not held for trading, an irrevocable election can be made at initial recognition to measure the investment at FVTOCI, with dividend income recognized in profit or loss.

This standard also contains requirements for the classification and measurement of financial liabilities and derecognition requirements. Under this standard, changes in the fair value of a financial liability designated as at FVTPL attributable to changes in the credit risk of the liability shall be presented in other comprehensive income, unless the presentation in other comprehensive income would create or increase an accounting mismatch. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss.

Based on Management's assessment, the recognition and measurement of the Company's loans and receivables, financial assets at fair value through profit or loss (FVTPL) and financial liabilities would be the same under both PAS 39 and PFRS 9.

Phase 2: Impairment methodology

The impairment model under this standard reflects expected credit losses. Under this impairment approach, it is no longer necessary for a credit event to have occurred before credit losses are recognized. Instead, an entity always accounts for expected credit losses and changes in those expected credit losses. The amount of expected credit losses should be updated at each reporting date to reflect changes in credit risk since initial recognition.

The adoption of the standard shall result in initial measurement of loans and receivables at fair value net of transaction costs and expected credit losses.

Phase 3: Hedge accounting

The general hedge accounting requirements for this standard retain the three types of hedge accounting mechanism in PAS 39. However, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify as hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of economic relationships. Retrospective assessment of hedge effectiveness is no longer required. Far more disclosure requirements about an entity's risk management activities have been introduced.

The standard is effective for annual reporting periods beginning on or after January 1, 2018. Earlier application is permitted.

The future adoption of the standard will have no effect on the Company's financial statements since the Company does not apply hedge accounting.

What does the Fund invest in?

Investment Objective

The Fund aims to provide regular interest income and principal preservation through investments in government and high quality corporate debt securities issued by the Philippine government and prime Philippine companies.

Investment Strategy

In pursuing the investment objective, the Fund:

- May invest up to 95% of the portfolio in debt instruments;
- May hold all or a portion of its assets in cash and money market instruments for defensive purposes;
- May invest a portion of the portfolio in high quality corporate debt securities to enhance yields;
- Uses top-down analysis to determine the appropriate level of interest rate risk in the portfolio.

What are the risks of investing in the Fund?

The following are the risks associated with an investment in the Fund:

- Credit Risk
- Dilution Risk
- Fund Manager Risk
- Equity Risk
- Geographic Concentration Risk
- Interest Rate Risk
- Land Transaction Risk
- Liquidity Risk
- Market Risk
- Non-Guarantee
- Not Insured
- Regulatory Risk

For a detailed description of these risks, see *What are the general risks of investing in a mutual fund?*

Who should invest in this Fund?

The Sun Life Prosperity Bond Fund is suitable for investors with a low risk tolerance and a medium-term to long-term investment horizon. This is for moderately conservative investors who want relatively stable and reasonable returns.

What does the Fund invest in?

Investment Objective

The Fund's investment objective is to provide total returns consisting of current income and capital growth through the investment in a mix of high-quality debt (bonds) and equity (stocks) securities from both domestic and foreign issuers.

Investment Strategy

In pursuing the investment objective, the Fund:

- May invest in exchange-listed equities and fixed income securities, bank deposits, securities issued or guaranteed by the Philippine Government or the Bangko Sentral ng Pilipinas;
- May invest in bonds that are primarily investment-grade and are chosen from across the entire government, corporate, and asset and mortgage-backed securities markets. Tenors will reflect the fund manager's outlook on interest rates.
- May invest in tradable securities issued by any supranational entity and other collective/pooled investment plans of other investment management companies;
- May avail of financial derivative instruments solely for the purpose of hedging risk exposures, as well as invest in other tradable investment outlets as may be deemed suitable for the fund;

In stock selection, the fund manager will examine relative values and prospects among growth and value-oriented stocks, and small to large-cap stocks.

What are the risks of investing in the Fund?

The following are the risks associated with an investment in the Fund:

What does the Fund invest in?

Investment Objective

The Fund's objective is to provide moderate growth and a steady income stream through investments in US dollar-denominated fixed income securities issued by the Philippine government, other major economies, or corporations operating therein, and in high quality common stocks and related securities issued by Philippine and foreign corporations, or through diversified investment companies invested in such securities.

Investment Strategy

In pursuing the investment objective, the Fund:

- May invest in other mutual funds, provided that these funds are accredited by Sun Life Financial's International Investment Centre in Toronto, Canada.
- The underlying assets of these mutual funds may be located in other geographies, including the emerging markets.
- May invest a relatively large percentage of the Fund's assets in a single country, a small number of countries, or a particular geographic region;
- Applies a top-bottom investment approach – investments are selected primarily on macro-economic analysis of regions, countries, sectors, including the evaluation of political and regulatory conditions inherent in those markets.
- May hold all or a portion of its assets in cash, money market instruments, bonds or other debt securities for defensive or other purposes.

What are the risks of investing in the Fund?

Transfer Agency Fee	0.15%
Early Redemption Fee	1.00%
Minimum Subscription	PHP 50,000
Minimum Subsequent	PHP 10,000

What does the Fund invest in?

Investment Objective

The Fund's investment objective is to generate long-term capital appreciation through investment in equity securities and/or in government and corporate debt securities denominated in Philippine Pesos.

Investment Strategy

In pursuing the investment objective, the Fund:

- May invest up to 95% of its net assets in common stocks when it is bullish on the equities market;
- May invest in bonds that are primarily investment-grade and are chosen from across the entire government, corporate, and asset and mortgage-backed securities markets. Tenors will reflect the fund manager's outlook on interest rates.

When deciding upon the allocation between equities and fixed income securities, the fund manager may favor fixed income securities if the economy is expected to slow down significantly. When the view is strong economic growth, the fund manager may favor equities.

In stock selection, the fund manager will examine relative values and prospects among growth and value-oriented stocks, and small to large-cap stocks.

What are the risks of investing in the Fund?

The following are the risks associated with an investment in the Fund:

- Credit Risk
- Dilution Risk
- Fund Manager Risk
- Equity Risk
- Geographic Concentration Risk
- Interest Rate Risk
- Large Transaction Risk
- Liquidity Risk
- Non-Guarantee
- Not Insured
- Regulatory Risk
- Small Company Risk

For a detailed description of these mutual fund risks, see [*What are the general risks of investing in a mutual fund?*](#)

Who should invest in this Fund?

The Fund is suitable for investors with a moderate to high risk tolerance and a long-term investment horizon. This is for investors who are looking to maximize gains with the flexibility of shifting to a defensive strategy quickly.

Sun Life Prosperity Philippine Stock Index Fund, Inc.

What does the Fund invest in?

Investment Objective

The Fund's investment objective is to replicate the performance of its market benchmark, the Philippine Stock Exchange Index (PSEi), by gaining exposure in equity securities that make up the PSEi.

Investment Strategy

In pursuing the investment objective, the Fund:

- May invest up to 95% of its net assets in common stocks included in the Philippine Stock Exchange Index (PSEi);
- Shall be recalibrated depending on the changes in the equity securities that comprise the PSEi and their corresponding weights.

What are the risks of investing in the Fund?

The following are the risks associated with an investment in the Fund:

- Equity Risk
- Index Risk
- Market Risk
- Liquidity Risk
- Passive Management Risk
- Dilution Risk
- Large Transaction Risk
- Non-Guarantee

Ms. Esteban is responsible for all financial planning, management reporting and analysis for the Sun Life group of companies, as well as the Finance Business Partner for SLAMCI. Prior to joining Sun Life, Ms. Esteban held various positions in Citibank and American Express Bank Philippines, two of the leading global banking institutions. Ms. Esteban has nearly 15 years of experience in the areas of controllership, profitability management, financial planning and management reporting, investments, insurance and loans in consumer, corporate banking, wealth management, commercial credit cards business and project management. Ms. Esteban is a graduate of the Ateneo de Manila University with a Bachelor of Science degree in Management Engineering and she holds a Masters degree in Business Administration from INSEAD in Singapore and France.

B. Board of Directors and Officers of the Fund Manager

KEVIN D. STRAIN

Director/Chairman

Mr. Kevin D. Strain, 49, Canadian, is a Director of Sun Life of Canada (Philippines), Inc. (June 2015 to present), Sun Life Grepa Financial, Inc. (June 2015 to present) and Chairman of Sun Life Asset Management Company, Inc. and Grealife Asset Management Corporation (June 2015 to present). Presently, Mr. Strain is the President of Sun Life Financial Asia. Appointed in 2012, he is responsible for Sun Life's interests in Asia, including identifying opportunities for growth in the region and managing the Company's relationships with its partners. Sun Life has operated in Asia since the 1890s, and today spans seven key markets – the Philippines, Hong Kong, Indonesia, India, China, Vietnam, and Malaysia. He is based in Sun Life's Asia Regional Office in Hong Kong and is a member of the Company's Executive Team.

With significant insurance and leadership experience in both individual and group businesses and in managing finance functions, Mr. Strain was Senior Vice-President of Sun Life's Individual Insurance and Investments division in Canada from 2007 to 2012, responsible for the creation and delivery of insurance, health and wealth management products and solutions nationwide. This included managing an expansive distribution organization encompassing Sun Life's career sales force, the largest in Canada, and third party distributors.

In earlier roles, Mr. Strain was Vice-President of Investor Relations in Sun Life's corporate office and held senior finance positions in the Company's Canadian operations. He joined Sun Life in 2002 as part of its acquisition of the Clarica Life Insurance Company, where he served in finance and customer-focused roles before being appointed head of Clarica's Canadian pension and group savings division.
